Hot Ashes Dropped

Members of Hot Ash brought to my attention that we were not listed in the fetish and sex club guide to NYC that appeared in Drummer 192 (Doing It For Money). Hot Ash is an international club for cigar fetishists. Although our local chapters hold parties across the country and in Canada, twice each month our brothers in smoke meet here in NYC on the third Saturday and last Wednesday at Cellblock 28 (28th 10th Ave.) for safe sex cigar sleaze. For more information: Hot Ash, P.O. Box 20147, London Terrace Station, NY, NY 10011 or call (718) 789-6147 and ask for Tony.

Disgusted in Minnesota

I do not wish to renew. Since the change of design over the last couple of years, the magazine has lost its appeal. It has taken on a look of the fanatical diet - no meat. Just a lot of glossy advertisements which exist in every other magazine and gay newspaper. The magazine has lost its touch and the end product does not equal the cost. I'll be way ahead by keeping my money. You need to go back to more photo-spreads centering on leather, boots, hard cocks, etc.

MD
Minnetonka, MN

Ed. *True to its reputation, International Drummer is the publication men sometimes love to hate. We are glad to see that the magazine has not lost its touch. Also if you don't like what you see, then send us what you'd like to see (including shots of yourself) and, if they're good enough, we'll publish them. And by the way, someone must like us because subscriptions continue to rise.*

Black Men In Boots

Can you put more Black models in your magazine and more topics

about boot fetish? Frankly, I am looking forward to having Black men and military boot treatment in every issue. Can you make my dream come true?

WWC

Ed. *We'll do our best. But, in the interim, you may want to contact the following two places and see what they have to offer: Men in Boots, c/o Boots, Box 46001, RPO Quadra, Victoria, BC V8T 5G7 and Old Reliable, 1626 N. Wilcox, #107, Hollywood, CA 90028 (ask Old Reliable to send you their "Basic Black" brochure).*

Ask Dr. Ruthless

In the fall of 1995 I entered into a contract with a much respected Top, in order to receive preliminary training in submission. The contract was written for a full three months, but midway through my Trainer moved out of town, issuing reassurances that my training would continue long distance to the contract's completion. After his move, however, I heard nothing further from this trainer and my contract lapsed eight weeks ago.

I am confused by the actions of this man who stressed the importance of integrity, for had I been the one to break or neglect the terms of the contract, my ostracism from the leather community would have been immediate. How can I best conduct myself in the wake of these circumstances?

Trainee

D.R. *Although contracts like yours should be respected and fulfilled to the letter that is not always the way it works out. Your Trainer was remiss in signing a contract if he knew he was moving. And if he did not know ahead of time, he should have re-negotiated or ended the contract in a manner satisfactory to*

ROPE TRICKS: FEATURED IN ISSUE #190

both parties. If you want to continue the contract with the same trainer (which is something Dr. Ruthless would not advise) you should contact him and ask if, now that he has settled into his new home, he would be ready to recommence your schooling. However Dr. Ruthless has to conclude that the man certainly does not deserve the respect he gets, and you are better off without his training.

More Dr. Ruthless

I am a 55 year old Top man - what I have always been and what I like. My dilemma stems from the fact that as I get older I have an increasingly difficult time getting hard and staying hard. I don't like pumps and I find cock rings irritating. Do you have any suggestions that don't involve surgery?

D.R. *Dr. Ruthless can think of a couple of options. If fucking is the goal try using dildos. They are the most reliable hard-on around and they can be satisfying on some level for both partners. Some men have issues with using dildos but think about it this way: how many true bottoms would say no to a huge dick that stays hard and can fuck them for hours? A second solution might be to expand your play past insertive sex. Try new toys and techniques which don't necessarily involve fucking. Sex becomes more interesting when you get creative. ■*

ADVICE TO A NEW SLAVE

PHOTOS FROM 'CELL SHOCKED'
BY CLOSE-UP PRODUCTIONS AND MASTA ENTERTAINMENT

ADVICE TO A NEW SLAVE

by Robert Payne

You have now given yourself or been traded or sold to your new Master. Every Master is unique, but there are certain pointers and guidelines which should make the general adjustment to your new life easier and more rewarding. Remember that not only are you his property, your entire life is now dedicated to serving and pleasing him in any way he desires—about which he is the authority.

1. Obey your Master fully, immediately and silently (except for "Yes, Sir"). Do not attempt to understand the reason behind the command. It is none of your concern.

2. Never question your Master. Especially in public. A Master is judged by the slaves he keeps and a reluctant or disobedient slave is the worst possible reflection on him.

3. Every statement or question directed to your Master should contain "Sir," or "Master" if he prefers — as a sign of respect and puts what you are about to say in the proper perspective.

4. Furniture, especially chairs, beds and couches, are forbidden to you from now on. Stand at all times unless your Master directs you otherwise with permission to sit. Then sit at his feet. It may be necessary for you to kneel or lie down to perform certain duties. Your Master will instruct you on this.

5. Show your body and wear your chains and marks with pride. Your Master cares enough for you to want you identified as his property. If he wants you bare, bare everything with or without embarrassment to him. You'll get over your own embarrassment.

6. Accept your punishment gratefully. You may have done nothing intentionally, yet you still need a change of attitude or beating. Always thank your Master at the end of these enlightening sessions.

7. Any and all sexual matters are exclusively your Master's concern. He will tell you what he wants and when. Never question his judgment. If he requires something which you feel is beyond you, relax and be quiet; he may be trying to help you become a better slave by expanding your experience in this area. Your sexual needs are unimportant.

8. Forget whatever "limits" you think you may have had. Those are for weekend slavery trips. Your Master wants to protect his property and will do nothing to endanger it.

9. Take care of your health. You are there to serve, whether it be with labor or love. A sick slave is a burden to his Master.

10. Always make yourself available to your Master. Remember every inch of you is his and should be available to him any time. Don't make him have to reach for any part of his property.

11. Public exhibitions are up to him. There are places and situations that dragging a nude slave around by the ring in his nose or cock isn't appropriate. He should decide, not you. When in Rome . . .

12. Love, honor and obey but stay out of his hair. Of course he should know where you are and what you are doing at all times. But he has more important things to do than supervise you 24 hours a day.

From "The Care and Training of a Male Slave," edited by Robert Payne, Alternative Publishing, P.O. Box 1069, Forestville, CA 95436

REVIEWS BY CHRIS HOGAN

Bound and Beaten

Shotgun Productions. To order write Shotgun Video, 2215R Market Street, #453, San Francisco, CA 94114 or call 415/626-5070

Shotgun Productions continues its line of testicle torture videos with "Bound and Beaten." This film, like other Shotgun Productions stuff, is true fetish porn in the sense that it is primarily about one sex act. If you're into watching intense treatment delivered to balls, this is just the thing for you. If that's not what you want or if you crave greater variety in your raunch, look elsewhere.

The first segment in this video is the longest and the best. Roger (the top in nearly all Shotgun productions) has a really cute boy tied spread eagle on a bed. He tells the boy that he can only stop the tor-

ture by coming and asking to stop will do no good. After having over twenty pounds suspended from his sack and his balls squeezed in a vice the boy finally comes. Then, Roger makes the bottom withstand even more time in the vice until he comes too.

The next three scenes have almost exactly the same set-up although they add some interesting torture techniques. Roger administers electric charges to two of his boys. He also vacuum pumps one's nipples. All four bottoms are pretty hot and serve their top well.

In every scene, Roger delivers incredible pain to the bottom. He calls himself a "sadist" and tells his boys that he wants to push them beyond their limits. He does just that, and each bottom ends up taking more than he thought he could. Like other Shotgun Productions, this

video shows much more real and intense SM dynamics than we see in the "leather" videos of mainstream porn companies. The bottoms really scream in pain and beg to stop. While everything is consensual and under control, it goes to the very edge of consent and control, where things get exciting.

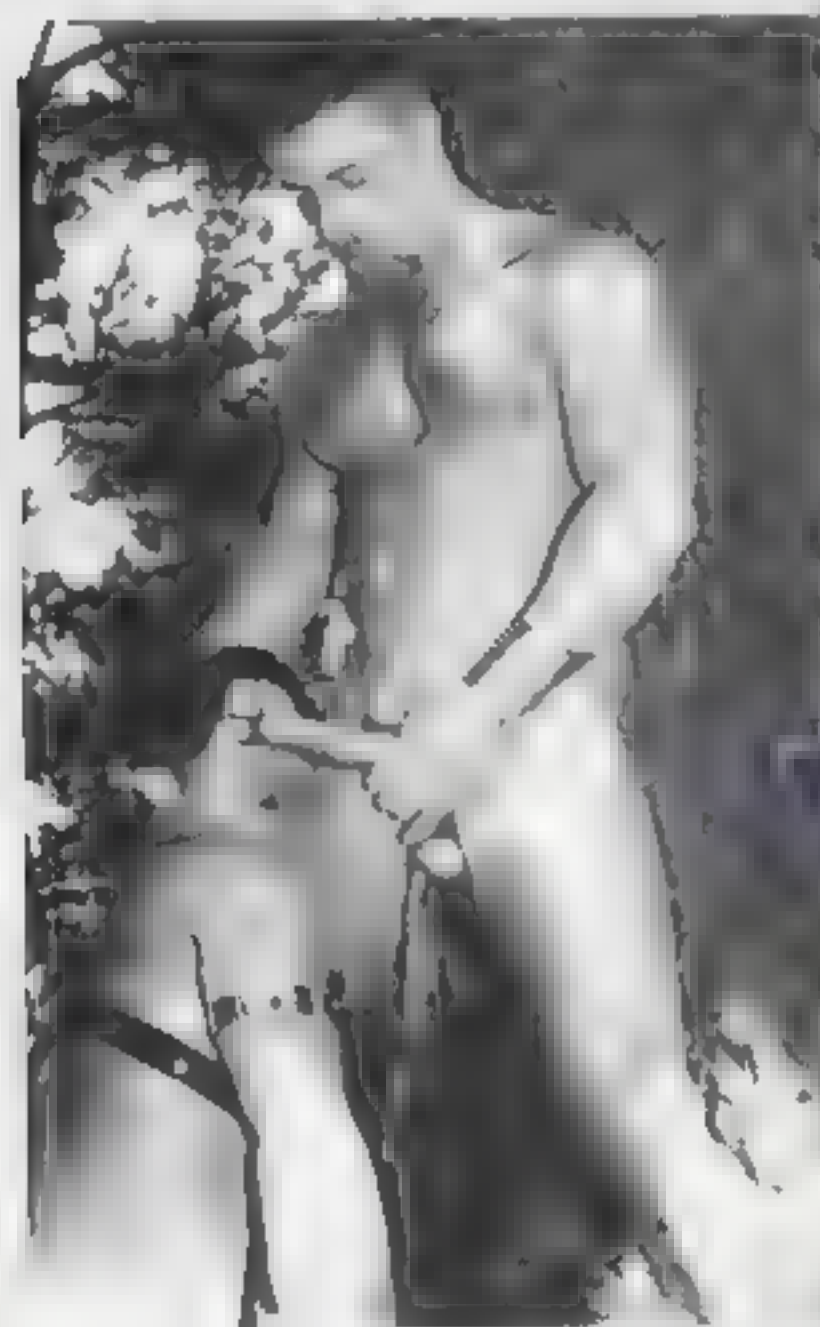

Sex Play by Russo

Close-Up Productions presents a Donnie Russo Video Starring Donnie Russo, Eric Hunter, Joe Romero, Justin DeBlanc, Patrick Amour, Michael Road and Robby Boxer. To order write Close-Up Productions, P.O. Box 691658, West Hollywood, CA 90069

Donnie Russo is not just a porn star anymore. He is now producing dirty videos too. In "Sex Play by Russo," Donnie Russo the performer plays Donnie Russo the filmmaker reviewing footage for a new video.

Two of the segments feature Russo. It's all part of the growing genre of metaporn videos about making videos. It really is an easy way to put four unconnected scenes together in the same tape.

Russo appears in the first scene with Joe Romero. There is an intriguing blurring of top and bot-

SEX-PLAY-OF-RUSSO DONNIE RUSSO WORKING AND PLAYING

tom in this segment. The scene starts with Russo tied up, but he's ordering Romero around. Despite the fact that Russo is bound, the sex in the scene is basically vanilla. At one point, Russo gets his cock and balls tied up, but that's about as far as it goes. Romero plays extensively with Russo's ass. At another point, it looks as though he may even be fucking Russo or just rubbing his dick against Russo's crack. Still, the fact that we never see any good penetration shots when Russo fucks Romero diminishes the power dynamic.

Russo does not appear in the second or fourth scenes. They are at the same semi-raunchy level as the first scene. There is some, but not much, domination. The third scene, with

Russo and Eric Hunter, is the best. Hunter is almost too much bottom for Russo to handle. It seems that he could take much more than he is given in this segment. Russo ties Hunter to a bench-press bench, puts clothes pins on his balls, beats his ass with a belt, and fucks him hard. Hunter eats it all up and shoots his load while getting screwed.

Donnie Russo has proven his staying power as a porn actor. To last as a porn producer he will have to commit more to making mainstream videos or to doing the raunchier type he seems to be moving toward. It will be interesting to see which move he makes.

Daddy's Slave Induction

Close-Up Productions presents a Steve Johnson Video. Starring Donnie Russo, Joe Romero, Peter Bishop, and Cory Taylor. To order write Close-Up Productions, P.O. Box 691658, West Hollywood, CA 90069

Donnie Russo stars in another Close-Up Productions video. This

time, however, Steve Johnson (not Russo) directed. "Daddy's Slave Induction" also delivers more raunch than "Sex Play by Russo."

The first segment runs for nearly the entire video. Russo plays the daddy who inducts two slave boys, Peter Bishop and Cory Taylor. The scene starts off a bit shaky. While Russo struts around trying to look tough and intimidating, Bishop and Taylor can hardly keep from giggling. Perhaps they are amused by Russo's attempts to fit words like "orchestrate," "accustomize," and "expedite" into his dirty talk. Russo attempts discipline to wipe the smiles off their faces with only limited success. Threatening them with the hot end of a cigar doesn't

do the trick. He "forces" the two boys to make out. A fairly long segment of the two bottoms having vanilla sex as Russo barks out orders follows.

The action picks up when Russo commands Taylor to clean up Bishop. Bishop stands in a wash tub as Russo and Taylor pour cold beer over him. This goes on for too long, but it is more interesting than watching Taylor and Bishop kiss. Russo then pulls out a very large, double-headed dildo. He commands the boys to put condoms on it and lube it up - we know what's coming up. Bishop bends over, and Taylor loosens up Bishop's ass. He starts with one finger, but soon has three way up Bishop's butt. Then, they switch positions. So far, Bishop has seemed like the bigger bottom, but now we see just how hungry Taylor's ass is. Finally, Bishop shoves the dildo up Taylor then turns around to share it. During the dildo fuck, all three guys get off.

The second scene features Russo and Joe Romero and is strikingly similar to their scene in "Sex Play

by Russo." Some of the footage is even exactly the same. (Shame on you, Close-Up Productions!) The moment in this scene comes when Romero takes off his boots and ties them to Russo's balls. Even though Romero serves as an excellent bottom in the scene (he shoots while getting fucked), it seems that Russo could have been topped just as well. Russo has been an excellent bottom in other videos. Several times in this scene, it seems that he would surrender to Romero if he weren't being directed to be the top.

Saddle Tramps II

A Mustang Studios Production. Directed by Chi Chi LaRue. Starring Bo Garrett, Brian Maxx, Vince Rockland, Jeff Converse, Danny Sommers, Mark West, Jim Hardy and Erik Kane. To order call 800/227-3717 (in California, call 415/431-7722)

We go back to the best little whorehouse in the West for "Saddle Tramps II." This video is Chi Chi LaRue's follow up to her very successful "Saddle Tramps," and it sticks to almost exactly the same formula. The action is mostly standard, but LaRue has been known to pull off a few kinky tricks in mainstream videos and this tape delivers a few of those moments.

The most twisted yet sexy scene involves Mark West, Brian Maxx and Vince Rockland. West pays for Rockland's services but not for himself. He has bought this hunk to deflower his blond nephew, Maxx. Add a big-ass dildo to the *ménage à trois*, incest and prostitution, and we've got a party on our hands. All three performers are terrific in this energetic scene.

The rest of "Saddle Tramps II" is the usual high-end, standard porn fare we expect from LaRue and Mustang Studios. Danny Sommer and Jeff Converse both give great performances. The western theme is a bit silly. Rather than having a

down-and-dirty cowboy feel, everything looks like it was bought at The Gap or Pottery Barn. What else would we expect from fags like these?

Sex Shop

Bijou Video. Directed by Jim Wigler. Starring Dylan Rage, Jeffrey Devons, Joe, Earl Utah, Marco and Tony Bullet. To order call 800/932-7111

"Sex Shop" does not live up to Bijou's reputation for quality porn. It does, however, have two things going for it. First, Dylan Rage, who stars in the first scene, is one of the best performers to come along in a long time. He is dangerously sexy, and he turns even the most boring scene into pure raunch. Second, the somewhat shocking turn-on involves a revolver in a cop fantasy segment. Unfortunately, Rage and one truly perverted moment cannot make this a worthwhile video. ■

Cruising Kinky London

London is a city of ironies. The capital of a country known for its sexual conservatism, it is also the hub of Europe's liveliest fetish scene.

BY JACQUES HAPPE AND TONY TANSLEY

Some would argue that it is sexual repression - which bleeds over into England's sex laws - that is the root of London's flourishing fetish scene. Consenting sex between males 18 or older is a criminal offense. Public sex is also forbidden. Legally, consensual SM sex is considered an act of violence. Also be aware that London's fetish clubs and bars seem to be under permanent surveillance by the authorities. But ironically, London is where more kinky perverts live than elsewhere in the world: resulting in more fetish and cruise bars or clubs.

In London outside cruising can be problematic. Certainly many Londoners do cruise but crime really seems a problem. (Let alone the police.) Gay bashing also happens. Be warned that cottaging (having sex in a public toilet) is not allowed and police are keen on arresting guys with their pants on their ankles. But if you are game, there are several parks known for their bush activities, such as Hampstead Helosing between 10.30 and midnight.

Maneuvering the Streets

Not built on any sort of grid system, it is easy to get lost in London's maze of streets. A street map is invaluable. I recommend buying an A to Z street map or picking up one of the free gay maps. You can also ask directions from London's police officers (called bobbies). Fetish gear like combat, rubber and leather is extremely big in London and is not limited to the members of the fetish scene. Certainly, like every metropolitan city, London has its dark

corners and scary alleys but it isn't taboo to wear your leathers out on the streets.

London's public transport system is advanced with buses and Metros (known as the Metro or Underground). London also has the minicab, a marvelous innovation. Minicabs are cheap and usually friendly. Club doormen will call one for you, or you can call them through a free phone. I'd also recommend Freedom Cars, the only gay cab service in London (0171-734 1313) or Airport Express (0171-722 2700), the latter being the cheapest in airport transportation.

Daytime Bars and Clubs

Going to a pub in daytime limits your visits to Central London (Old Compton Street) or Earls Court in the West. (NOTE: When people say "Comptons" or "Comptons Street" they always mean Old Compton Street. And if they say, "Let's go to Comptons," they actually mean, "Let's go to Comptons of Soho," a pub.) Comptons of Soho is one of the most popular watering holes in England. It's where skinheads, leather folks, business men and students go before club hours. Cruising here is not difficult and being cruised is something you have to get accustomed to. Now on two levels. Comptons of Soho serves food upstairs. Due to this recent addition, Comptons cruising has actually increased.

The Old Compton Cafe is on the same street as Comptons of Soho. Open 24 hours a day, seven days a week (and serving the worst cappuccino) they do serve delicious pies, sandwiches or salads - all for a fair

ly high price. You meet all kinds of people at the Old Compton Cafe. The popular disco-bunnies, the leather guys, students, drag queens, bums, actors (this part of town, also known as the West End, is full of musical theaters), waiters, low lifes and other forms of the human species. The Old Compton Cafe is an absolute treat (except for the coffee).

HAPPY REVELER AT BULK

Around the corner from Old Compton Street you'll find the Freedom Cafe. Not strictly a leather cafe/restaurant, it is still trendy. There are lots of fetish-oriented guys and girls here, it's a good place to meet people, look around - and be seen.

Coleherne's, situated on Old Brompton Road, is London's oldest leather cruise bar. (Upstairs is called the Detour). This large pub, which is across the street from the Clone Zone, has an enormous horse shoe shaped bar, pleasant bar staff and a friendly, lively crowd. On Mondays, Coleherne hosts Bunker I, a theme night.

Berlin's Nightlife

The Anvil

More a place for the younger generation and the new guard, including skinheads, The Anvil is very popular. It just gets cruisier and cruisier. Very comfortable, friendly and self-described as "HIV friendly." By now, they will have re-opened their spacious upstairs cruising ground.

Attitude

Attitude is the largest membership-club in England. They stage the extremely popular underwear parties. Open seven days a week, Attitude is a ways busy after 8 p.m. Thursday is fetish night. Although looking for new premises, Attitude is presently at their Peckham location. They advertise as a touch of Amsterdam in London. And that seems right.

Backstreet at Wentworth Mews

In the far east of London, Backstreet is worth a visit during the weekend. It has a very strict dress code: only black leather and rubber-

dressed men are allowed entrance. Called "very Amsterdam," Backstreet has a small-club atmosphere. There's plenty of cruising and a good mixture of ages. The cruising in the back is strong.

Brompton's

When the Coleherne closes, the clientele go across the street to Brompton's and continue their fun. This western-styled club is big, busy and cruisy. It features a square dancing and western theme on Sundays and a leather chaps disco on Tuesday nights.

Bulk

London's very popular night spot for bears and their admirers. Bulk is the place for the stocky, stout, fat and fabulous. Every first and third Saturday of the month.

Central Station

Just a few blocks from King's Cross. Voted best bar for several years now. The basement is their sleaze area, with theme nights like Skin 4 Skin at The Barracks, The Maze, Glory Hole and Manstink. Cruisy, humid, dark, busy and very popular. The first floor features drag shows, karaoke, strippers, game shows and meetings of different organizations such as the Countdown on Spanner Campaign, SM BI-s (the SM-organization for bisexuals) and the London Blues, a uniform club. Upstairs you can relax and eat out in their intimate restaurant.

Club 180

Every Monday at Club 180 it's Bunker II (following Bunker I at the Coleherne). Club 180 is open for everyone dressed in leather, rubber and uniforms.

FIST

The most popular monthly fetish club for gays and lesbians, FIST occurs at Substation South on the last Saturday of each month. This is an absolute extraordinary experience for the more advanced cruisers and dirty hard-core leather men and women. FIST calls itself the clits and dicks sleaze pit! Busier and busier with horrendous queues (lines), get there early. FIST caters to an XTC and techno crossover as well as a hard-core crowd. FIST has some pretty shocking acts. With its underwear parties and other fetish oriented theme nights, Substation South is growing in popularity. The second Saturday of each month is Pleasure Zone night which is extremely cruisy and has a similar following to FIST, but less hard and fetish-experienced. A Post-FIST Gathering is organized at 313 Norwood Road, Herne Hill, London SE24. It's not far from Substation South and is the ultimate chance to explore the underground scene at someone's private dungeon. Hosts are Murray, Andrew and Felix. No entrance fee plus free drinks and condoms.

The London Apprentice

East London's most popular down-to-earth pub/club, The London Apprentice attracts both a fetish and a non-fetish crowd. There's dancing in the basement, groping crotches at the toilets, cruising in the ground floor bar and relaxing in the upstairs cool-down area. On Fridays and Saturdays The London Apprentice is packed to the rafters but you can usually find a spot to nurse a beer and have a good chat. It's known to Londoners as the LA. Beware!

Market Tavern

The Sunday brunch and the Leather Market on Wednesdays are the Market Tavern's most popular times. This club used to be very busy, but looks like it is losing its following. The spacious club has two bars, one of which has a dance floor - and extremely busy to let's which I will never forget.

Service Station

Called a cruisy and very dark pick-up joint by Boyz Magazine, the Service Station is relatively new. It has popular fetish and theme nights, such as underwear, Docs and jocks.

Silks' 95

In far west London, Silks is where the skinheads and boot-lovers have an intimate basement club. (Intimate in England often means small.) It's only open on Monday and Tuesday and restricted to skinheads into SM and fetish.

Motor Sport Club London

Meets at the Salmon & Compasses each Friday from 9 p.m.

Skin 4 Skin (S4S)

A private organization / club, their private parties are divided into three separate sections for leather, rubber and fetish, for skinheads and boot-boys, and for boot, foot and sock fetishists (Bootmen UK.) For info, write: Skin 4 Skin, Monomark House, 27 Old Gloucester Street, London WC1N 3XX. The S4S public meetings are at Central Station on Sundays, Mondays and Tuesdays. Every first Sunday afternoon S4S organizes a Cruising Behind Closed Doors (all kinds of fetishes); the second Sunday it's Skin City (skinheads only) and the third Sunday it's The Sing - all at Central Station. Private parties are on the second Friday for Bootmen UK-members and the last Friday for S4S members into real heavy SM. Write for details.

The Sixty Niners Club (SNC)

Europe's oldest leather club (now 31 years old). For info, write: BM Box SNC, London WC1 6XX.

The Rubber Men's Club (RMC)

A long-established organization for all latex lovers, RMC club nights are held on the last Friday of every month at the Salmon & Compasses.

Tribal Rhythms (TR)

One of London's newest SM organizations, TR meets at Unit 7, Impress House, Mansell Road. Whether it's an intimate dinner for two or a party for several thousand (like the Backlash Countdown on Spanner Benefit at SM Pride), TR will create your fantasy. They organize high tea afternoon play sessions at The Anvil on Saturdays.

Accommodations

For those needing more than a one night accommodation, Number 7 Guesthouse is a nice, warm and friendly choice. Paul and John are the perfect hosts in this typical English styled Victorian house. The Clone Zone Apartments are another perfect option for leather folks. As

is the Russell Lodge Guesthouse, right at the edge of the West End (Central). This small guesthouse is always busy. Russell Lodge is the only guesthouse/hotel in Central London that is convenient to all parts of town. In the Earls Court district of London you might try the New York Hotel, Halifax Hotel, Redcliffe Hotel, Philbeach Hotel or Bromptons Guesthouse.

Saunas and Gyms

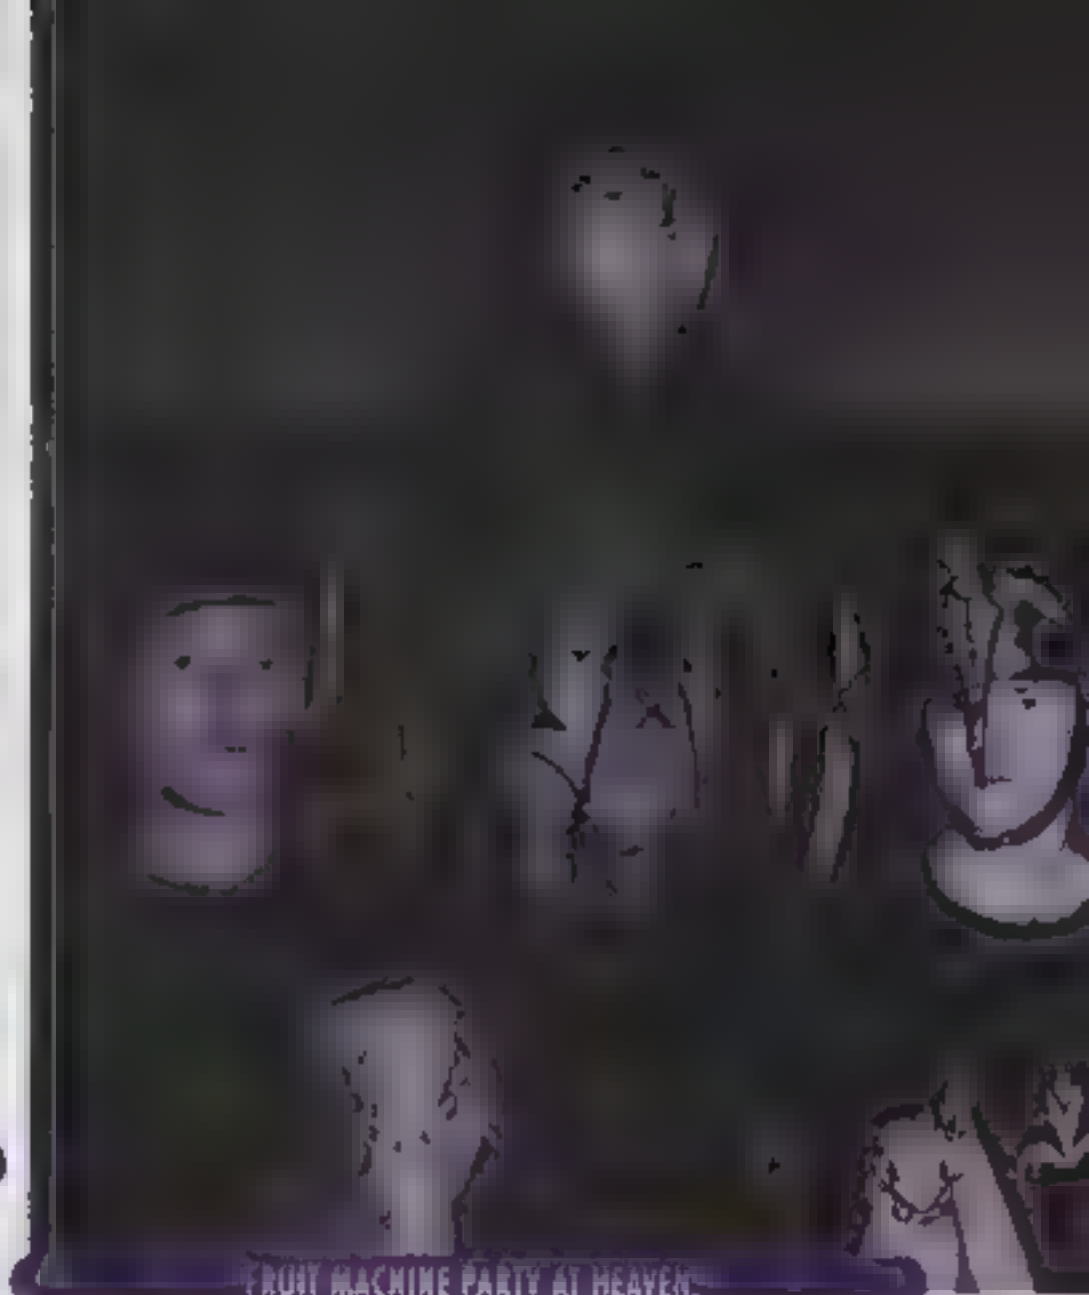

Gay saunas where you can have sex on the premises are forbidden in England. But some saunas cater to a strictly gay crowd. These are: Covent Garden Health Spa, The Locker Room, Aquarius, Steaming at 309, Perspiration and Pacific 33.

MASTERS AND slaves

ULTIMATE SLAVE SEEKS ULTIMATE MASTER:

I am DEMANDING bottom/
slave. AND you ARE Top/
Master enough to control me.
I need to be dominated. If
you aren't man enough to
CONTROL ME, you might end
up as THE ultimate slave.

The Ultimate Master

By Terry Vidal

The ad has been appearing for several months in one of the leading SM magazines. We have all read ads and porn stories about sex slaves and their Masters. That is fiction and fantasy, but what is your actual reality? Are you prepared to be the real article -- no reservations, no self-interest.

To people not familiar with the actual dynamics of the relationship between Master and slave, slavery is viewed to be total capitulation to the Master. To surrender totally: job; clothes; body; and self. Yet, is this really slavery, or just another fork of daddy/boy games? Is this abject surrender (to be ruled by a Master who denies his slave any decision-making) the act of a slave, or just that of a greedy and pushy bottom who has

an indulgent Master with a control problem? In this form of relationship, every act of the slave is circumscribed by, and the responsibility of, the Master. Is this domination of the slave by the Master, or domination of the Master by the bottom/slave? Thus, the classic question: who controls the relationship, the Top or the bottom?

For the ultimate slave, this question is resolved in favor of the Top's domination of the demands of the bottom. The ultimate slave is an asset to his Master, rather than a burden, regardless of how pleasurable a burden. This should be the litmus test which measures ultimate slavery vs. Daddy/boy relationships.

The ultimate slave can be many things in a relationship, but his

first and foremost responsibility is his dedication to his Master with an overriding concern for the needs and demands of his Master. There is no room in his life for any other goal, interest or self-interest. This selflessness is not to be confused with the surrender of self-responsibility. On the contrary, it requires an elevation in personal responsibility on the part of the slave, to be responsible for the needs of the Master. No longer are the selfish and personal needs or desires of the slave important.

The Master's domination requires a subtle and careful dynamic. The slave's entire existence has been voluntarily sub-

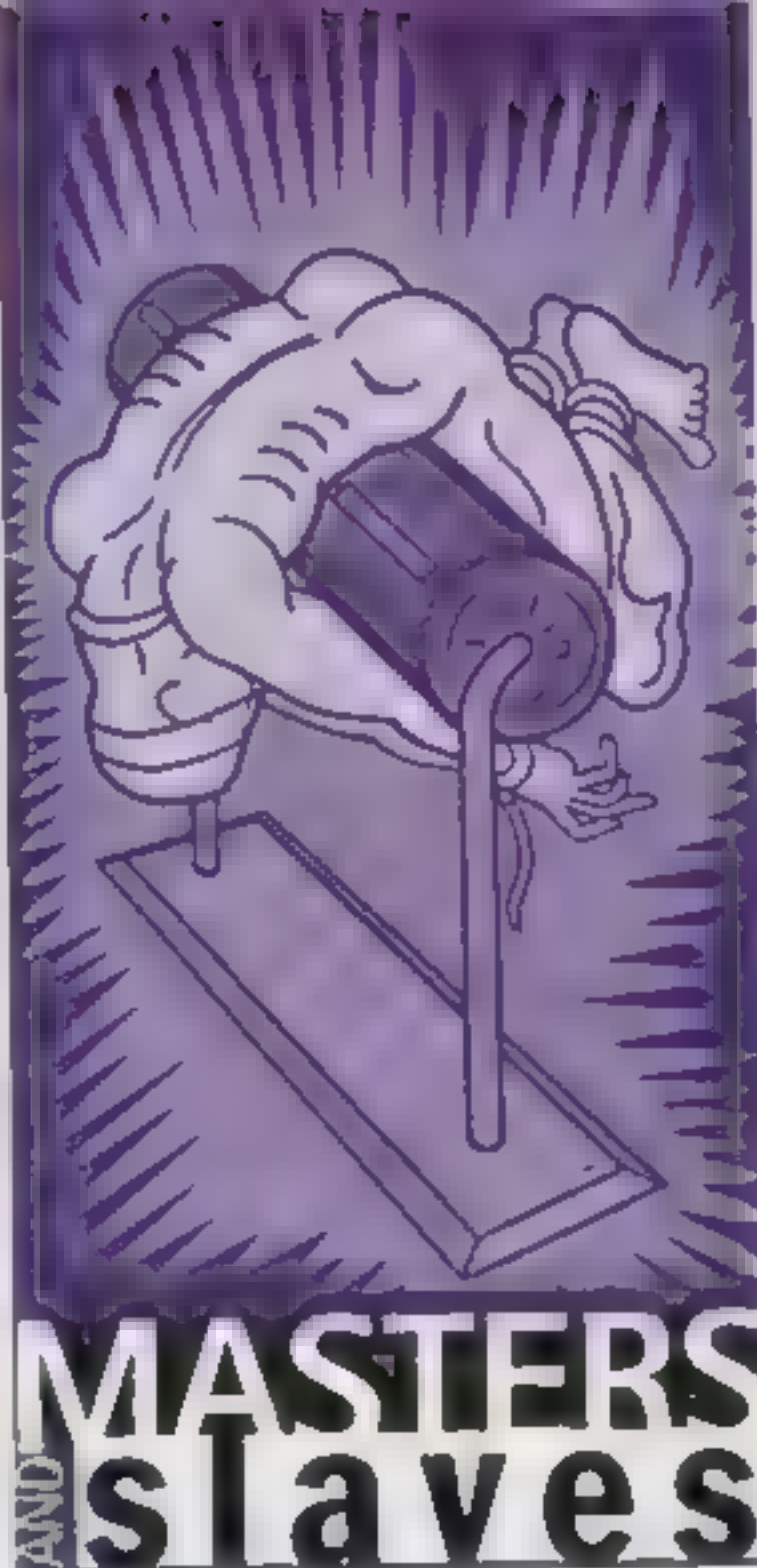

ILLUSTRATION BY BEAU93

orned to his Master's needs and demands, the slave's personal needs become secondary to those of his Master. Yet, this is a passive surrender. It is an active role; to anticipate the needs of the Master, to obey the Master's direction to the greatest extent possible. The slave's personal responsibility is to minimize the decisions the Master has to make for the household, as well as for the slave, so that the Master can concentrate his energies on the important facets of the Master's own life. This subordination is the lodestone of the ultimate slave.

The needs and socio-sexual demands of the slave are met by the Master through the subtle exercise of his Master, the superimposition of the Master's needs, desires, and ideas upon the slave. The demanding slave is met with total and overwhelming control of the Master. The slave voluntarily becomes an extension of his Master's will, not just a receptacle of his Master's demands.

There is only one facet that is within the total and absolute control of the slave in an ultimate slave situation; the actual decision to submit to his Master without reservations. This is the only permissible selfish act for the ultimate slave. It is not an act of surrender, of powerlessness, of negation of self-worth, of self-respect. It is an act requiring a great strength of ego to successfully work between the slave and Master. It is not to be lightly undertaken. It can not be a role, for the Master will not and should not provide a script for the slave to follow. The ultimate slave is not a victim in the relationship, passively accepting whatever whims his Master ordains. It is a socio-sexual merger of two persons, meeting the needs of both through a melding of the slave's needs to those only of his Master.

The final measure of an ultimate slave is pride. Some Tops/Daddies expect their bottoms/sons to respectfully or fearfully keep a downcast attitude, never to look their Masters directly in the face, as they are inferior beings. They are cast in the position of being worthless, less than a man. They are broken, but not rebuilt. An ultimate slave is both broken and reformed, remade into a new being, proud of his station. The armed services, especially the corps, have always recognized this quality. An ultimate slave can look anyone straight in the face, even his Master, with self-pride. This pride in being is not to be confused with arrogance or insolence. It is the pride of accomplishment, of performance beyond the capabilities of most. He has chosen to be a slave, and is proud in his service to his Master. It is only in failure that shame exists for the slave. The use of this shame by a skillful Master can be a most potent tool of punishment and discipline.

Are you what it takes to be an ultimate slave? I am not speaking

of a neutered, selfless being that will take no decision-making responsibility for his own life. I am not speaking of an indulgent and spoiled son who expects daddy to make all the decisions, and pick up the pieces.

I proclaim and exult the freedom of ultimate slavery. To the slave's expansion of his being through his subordination. To the Master's freedom and responsibility to create and mold a new personae, beyond the confines of an ordinary boy/houseboy, to the ability to mold the slave without any reservation as the Master's will requires.

A young man's appearance can be altered or improved in many ways. I do not care if you affect to be a leather punk, or GQ model. You will be neither when the Master is through. Your appearance will be molded to the Master's standards. A slave's appearance and behavior in public, as well as in private, is only a reflection of his Master's tastes and world-view.

These are the standards for training that are non-negotiable upon entry into service:

You will be denied facial hair and have your head styled in a manner to allow multiple personae depending on the circumstances; companion, employee, slave. There are advantages in having a slave that can be taken out among an unsuspecting public.

You will be shaved from the elbows to the knees with the exception of your pits and pubes, which will be trimmed and shaped as aesthetics demand. Punishment will exceed this as circumstances demand. Your mouth, genitals and ass will be kept in a state of constant cleanliness and hygiene. A slave's bodily functions are of minimal interest. Unless it is for amusement or discipline, the Master should not have to wait for

his slave to prepare

Your mind shall also be kept in a similar state of purity. Television, radio, and written materials shall be strictly monitored and approved by the Master.

Your body will probably be ornamented with collars, rings, and other non-permanent decorations without reservation, or as unadorned as the day you were born, or clothed as a Master wishes. Ornamentation of your body should not be permanent; for life is a long time to have to live down a youthful error in judgment.

Your private and public attire will be only approved costumes appropriate to your role of the moment; companion, athlete, employee, sexual plaything, object of desire. Nakedness will be strictly and unquestionably controlled as to circumstances. There are times when a naked slave is down right annoying and intolerable.

Your physical availability is obvious and without reservation. You are your Master's alone to do with as he requires: to be a sexual partner; an object of service; a decoration; or a piece of furniture.

Health concerns will be rigorously observed for mutual protection, and mutually agreed limitations will be observed through the use of double fail-safes. Fair warning, however, that use of the fail-safe can and will be punishable upon examination of the situation. Ultimate slavery is without limit, but it is not rape. It is as much a learning experience as a form of relationship.

You will not be permitted to smoke and alcohol will be strictly controlled. Anything else should not be tolerated.

You will be required to physically develop by way of forced bodybuilding and martial-arts activities. Both for aesthetic improvements for the Master's pleasure,

and to augment your effectiveness as a companion. Your body and self-discipline shall be developed through a regimen of activities and exercise. In the future, these assets will be of benefit to you regardless of your status. You will be a better human being for your experience.

You will fulfill any of your Master's domestic and household tasks as his needs require, without prompting or being told twice. You will be responsible for his household, and whatever domestic affairs your Master directs. If you need to learn to cook and entertain properly, you will learn proficiency in these matters. Such skills will serve you for a lifetime.

You will remain in your place in your Master's personal life, outside of his circle of friends and associates; ever attendant to his needs, yet protecting his interests and privacy. The affairs of the household, and overheard or directly communicated matters will travel no further. You will accept reprimands and punishments for failures of duty without reservation or recrimination. These acts of punishment shall be explicit as to their cause, and shall be explicitly separate from any other act of discipline, or subservience. Punishment is not a place for pleasure-giving or pleasure-taking. This is the boundary of sadism, not SM.

You will be ever mindful that the Master's personal and professional life have priority over the affairs of the household. If he is busy, or involved in business, you will discreetly be silent and uncritical. He does not expect to have a slave underfoot at these times. If he has to be away, he will be greeted back joyfully, and without any bitterness or jealousy about being left behind. If he requires you to accompany him, you will seamlessly adopt the

required personae, without prompting, and aid your Master's cause, be it small or great.

At present, it is for you only to consider the possibilities. Few are adverse to working into this on a gradual basis, or establishing a weekend relationship initially, provided that you are prepared for ultimate slavery and its challenges.

Consider life's opportunities carefully.

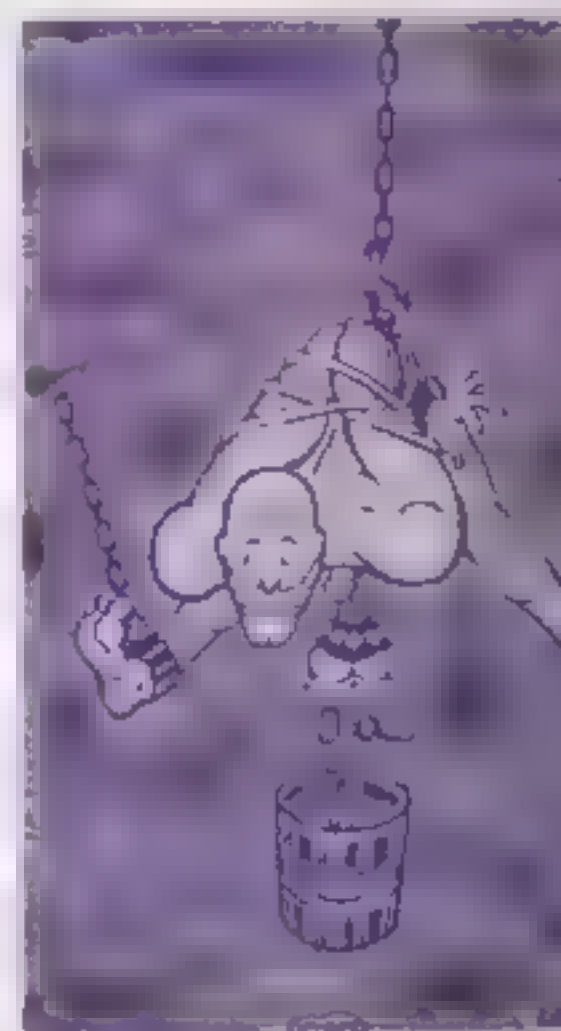

Excerpt from "The Care and Training of the Male Slave" edited by Robert Payne, Alternate Publishing, P.O. Box 1069, Forestville, CA 95436.

The Ultimate Slave

By Jasper Jenks

If I were your slave it would be for nothing but your cock, the pleasure of it looming over me, just out of reach of my mouth, commanding me by its presence alone. If I were your slave it would be for completely selfish reasons. I know I'm not supposed to say that, but it's true. If that makes me a bad slave then all the better for me, all the more you'll have to whip me into shape, make me who you want me to be with your hands and your tools, your hypnotic voice, your attention or lack of it.

You'll discover soon enough how much I hate to be ignored.

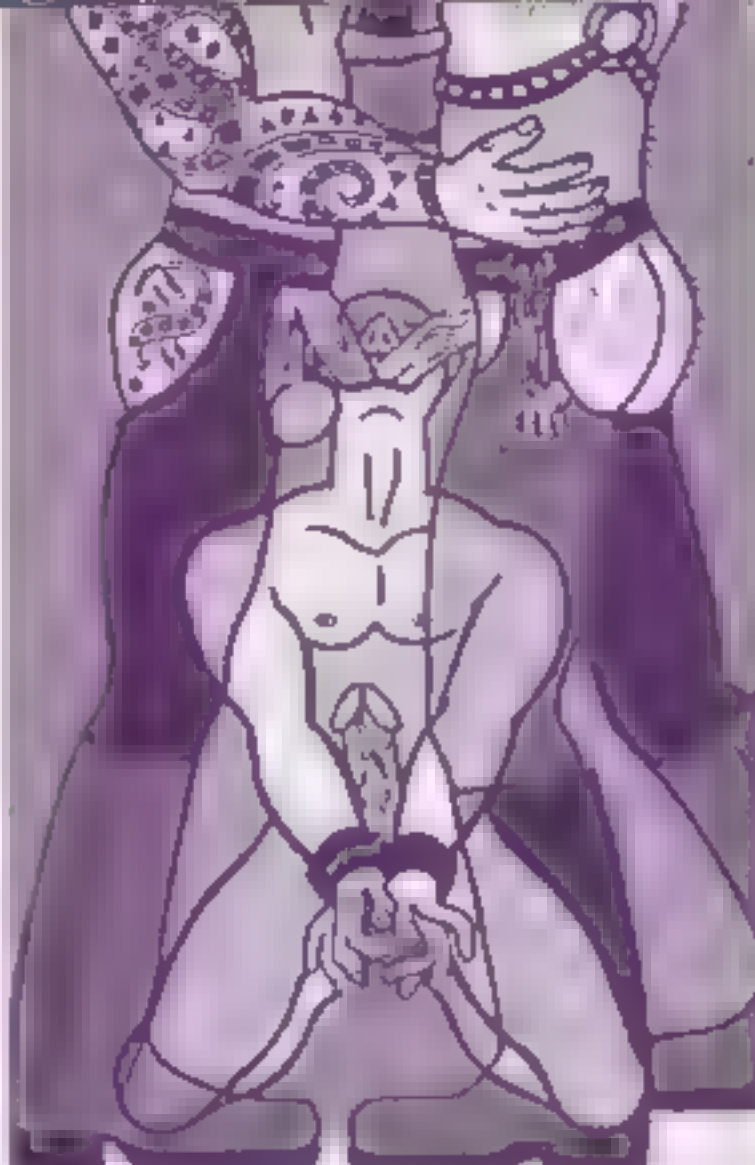

You'll use it against me like any good disciplinarian, pretending I don't even exist until I start questioning it myself. Am I really here? Only for you, sir. Only for whatever you decide to use me for. You'll ignore me until I break down sobbing, until I grovel at your boot-clad feet. Please kick me master, please beat me, anything but your silence. But I'm not the one giving the orders, and you'll make sure I know my place.

If I were your slave it wouldn't be out of any desire to serve. No, I'm too cocky for that. But I'd do it anyway. Knowing it would please you, and that perhaps your pleasure might translate into a treat for me, perhaps your cock down my throat, stretching the muscles like taffy, or plugging my ass with its thickness and heat—that gives me every incentive to learn to serve. Your cock is what it comes down to, my need for it, although I must pretend I have no needs. Everything I do is merely to satisfy your whims.

Why do you want to be a slave? you ask, and I have no answer. I don't want it, it simply is. I am your slave, no wanting about it. Need maybe, a little horror that this is what I am reduced to in your powerful presence. In this way it is about you.

You: my master, though we've never met, though you are still just a fantasy, are capable of anything, of breaking me in two. And you do, daily. You break me and make me whole again. You rip my ass apart and pump me full of your sweet creamy cum, and it completes me somehow in a way I was lacking before. You toy with me, I am nothing to you. You are strong and tall and absolutely at ease in your power. That you have no need of me makes me want you all the more. Makes me willing to work for it. I reshape my body to your liking, lift weights if you

MASTERS AND slaves

want me muscular, well defined. Starve myself if you want to see my ribs show.

I live for the day that you might choose to leave your mark on me. A branding perhaps, a tattoo across my ass, a ring through my tit. As of yet I am unmarked, waiting for your cruel touch. But I feel it could be years and I'd never deserve it, never prove myself to you enough to make you take that much notice.

And that's okay for now. I've got a goal, something to strive for. I keep it hidden, but it's there, the desire to make you proud. "You are nothing," you whisper to me, your boot on my neck, my hair pulled back in your fist. "You are my boy and nothing else. You must empty yourself of any desire except my desire." And it's true, I am empty, and full to bursting at the same time.

I practice polishing boots at night, in my spare time. Take the laces out and soak them, rub polish into the cracked leather until it becomes supple, buttery and shiny

black. Use a toothpick to get every last bit of dirt out of the soles. I've been training myself in hopes that someday I'll have you to train me, with your vast expertise.

I put on my collar that I bought at the pet store, plain black leather band, just tight enough so that I feel a constant pressure just under my adam's apple. I pretend you have collared me and set me in front of the full-length mirror. I put my hands behind my back, pretend you have ordered me not to touch myself. You have no need of handcuffs, your commands do the trick. My cock grows in the mirror and I know it will receive no attention from you. My imagination feeds it until it is rock hard, engorged with blood. If and when you take pity on me, when you say gruffly in my ear, almost as an afterthought, "okay, now you can come," it will spurt on its own, splattering the mirror in a wild arc of jizz. Cum dripping down my own face in front of me, I will thank you, and thank you, and thank you. And make damn good sure I lick up every drop.

If I were your slave, though, I wouldn't care about getting off. Our time together would be too precious to waste on me, not that you would care to. I would make myself a hole for you to fill with every drop that comes out of you. I'd be your pisspot, your latrine. I'd clean every inch of your hard sweaty body with my tongue, explore every crevice you'd allow me access to. I'd try to remember to say thank you, sir, for every favor you do me by letting me near you. If I forgot you'd remind me, I'm sure of it. Under your care and patience, I'd wrestle with my own humility. I'd overthrow the part of me that clings to order, that tries to be in control. Sinking in chaos, I'd rise to the occasion of your lust. Your fuck toy, pussy boy. At last, your slave.

Life In Voluntary Servitude

By Jack Rinella

Most of us get our first ideas about slavery from short stories and novels that depict various relationships between masters and slaves. Some

re adventure stories complete with kidnapping, murder, and mutilation. Others, such as the wonderful works of John Preston, offer a more realistic view into a rather lifestyle of domination and submission.

There are several over-riding considerations about slavery that need to be recognized. Issues of finance, health, friends, family, and employment will influence the slave's day to day life just as much as the master's whip or desire for pleasure.

First of all the slave must be healthy insofar as there are no medical impediments to his functioning.

Secondly, neither the slave nor the master is financially independent. If the slave has a source of income, such as an inheritance, disability income, investments, or the like, it would be ideal for him to work only in the master's home or office. That not being the case, as chance will probably have it, I estimate that the average slave will need to generate about \$1,000.00 per month in revenue for his master.

Food, clothing, transportation, insurance, savings, rent, utilities, and entertainment will easily cost that much, even in the most conservative of situations. Here, envi-

ronment plays a big role. Rural living is cheaper than urban. Older masters have less expenses than younger ones. A boy in debt costs more to maintain than one with equity and cash flow.

Let's assume, then, that the master is of middle class means (that's approximately my state) and the slave works part-time (twenty hours a week) outside of his master's home and office.

My new slave will join my social arena and will live with me in my third floor condo on the north side of Chicago. He will have a designated sleeping area where he can retire when dismissed by his master. The slave will carry a permanent mark of his owner's choosing.

The slave will stay naked in the home, except when company (such as visiting females) makes clothing necessary.

He will awaken in the morning before his master. I prefer orange juice before I get out of bed. The slave will deliver it, make coffee, and discern whether his master has any further needs. I, for one, am often horny in the morning.

On most nights the slave will have slept with me, but not always. An occasional night on the floor, in bondage, or upstairs is certainly in order. I have two other relationships that take precedence over my slave. He will be dismissed to give me time to enjoy those relationships.

The slave will maintain the household. Three days out of the week, the slave will be required to exercise according to a routine that will be professionally designed to develop the slave's body for the master's pleasure.

During the evenings when both master and slave are home, the slave prepares supper, after which he will see to cleaning the kitchen and helping the master relax.

On some evenings there will be

company to serve as well. There is always the possibility of the slave being sent to serve another master. If I am busy elsewhere, the slave may spend some time away as well. Traveling with his master is a possibility.

Sex is a spontaneous and frequent occurrence between master and slave. It will range from quick sessions in the morning to long and elaborate scenes.

I am a sadist. There will be times of pain for my pleasure, but one would probably be surprised at how little time there will be for such sport and how quickly it can be over. We'll have to get up most mornings and at least two or three evenings will find one or both of us away.

Dinner will most often be taken together with the slave serving and sitting at table with his master. That's not to say that there won't be a dog dish on the floor or occasional time spent as a naked waiter. I'm actually looking forward to having dinner with my lover served by my nude and attentive slave.

Upon arriving home with a paycheck, he will surrender his income to his master, though care will be taken to meet the slave's financial needs. Joint checking and saving accounts and an allowance will be part of the financial planning.

The tremendous benefits of the master/slave relationship include security, devotion, pleasure and ecstasy. I'm not talking about flash in the pan, here today gone tomorrow activity, but rather sustainable, growing, and maturing togetherness that opens two people to the very depths of human expression and experience.

It is everyday living that makes mountain top experiences possible. Put your feet on the ground as you dream of the limitless sky and you will gain both. ■

Title 18 Burden U.S. Porn Industry

REPORTED BY JOHN MCCLOUD

Most Drummer readers have come to accept the kind of hard-edge image the magazine delivers as a matter of course. But the truth is, the laws relating to the production and publication of sexually explicit photos keep getting tougher, and one of the most serious is a regulation officially known as Section 2257 of Title 18 of the United States Code. Generally referred to as the Title 18 record-keeping and labeling law, the regulation requires publishers and producers of sexually explicit photographs, videotapes or films to obtain and keep verification of the age and identity, including aliases, of all models who appear in their work.

While the law's primary purpose is to prevent the use of models under the age of 18, its impact has been much broader. At best it has made operations more difficult for companies in the porn industry; at worst, so far, it has driven some smaller companies out of business.

"It's put more of them out of business than it didn't," asserted Joseph Bean, executive editor of Brush Creek Media in San Francisco, publisher of Bear and several other magazines catering to the leather and fetish community. "For us, I can say, it is the heaviest burden the law has ever put on the industry, and I've been around this industry for a long time."

TEACHING BY EXAMPLE—SM Gays is a London-based non-profit social and educational group for gay men interested in safe, consensual SM. The group's newly published "Resource Book 4" covers dozens of raunchy topics and even offers tips for beginners. It is also filled with erotic photos and illustrations like the one shown above. Some of the subjects covered in the book include corporal punishment scenes, invasive procedures, SM on the Internet, piercing, mummification and bondage. For more information about SM Gays, or to purchase "Resource Book 4" contact: SM Gays, BM SM Gays, London, WC1N 3XX.

The biggest problem, he said, is the sheer amount of record-keeping involved. "It multiplies the amount of work we have to do many times," he noted.

That may not seem particularly onerous, but the fact is most adult-oriented publications, particularly gay ones, are produced on a very limited budget. Bean said he knows of several shoestring businesses that either went under or are on the verge because of the law's administrative demands.

Part of the problem businesses experienced stems from an initial interpretation of the law by the U.S. Department of Justice that made the regulation retroactive to 1990. This requirement had many companies panicked because they had had no reason to obtain models' i.d. prior to enactment of the law and consequently did not have the information on file. Under a challenge from the American Library Association, the Justice Depart-

ment in January agreed to limit the requirement to images produced after July 3, 1995. The agreement provided little consolation, however, to the companies that lost money during the time the retroactive requirement was pending.

"We couldn't sell videos during that time," recounted Rich Johnson, president of International Wavelength, Inc., a distributor of explicit videos from Asia and Latin American. "We took everything off the shelves and destroyed lots of product. We were afraid something would be sold by mistake. We chose to destroy it rather than have that happen."

A secondary problem with the law is the reluctance of actors and models to appear if it means having all their personal data on file, available not just to the photographer or cinematographer but to an entire cadre of office workers and, of course, should it come to that, the police.

"It means there can never again be an anonymous model. So it reduces the number of models available for work. I can keep them anonymous only so long as I don't use a distributor or have their photos published elsewhere. We have to send along photocopies of the age-proving I.D. All the superstars of the porn industry could not exist. They don't want all that information out there where anyone might get hold of it," Bean explained.

If burdensome bureaucratic requirements and reluctant models have been the worst impact to this point, eventually the most severe effect is likely to be prison sentences for some producers who, whether inadvertently or through reckless disregard, run afoul of the law.

"Basically the whole industry is kind of walking on ice, waiting for someone to get busted," said Steve Landess, a porn actor and head of Masta Entertainment, which produces bondage and discipline videos.

Those most likely to get hassled, apart from flagrant violators, according to Jeff Byrne, an attorney with Steel, Clarence & Buckley in San Francisco, are the inexperienced. Byrne says many producers don't realize they have violated the law by not verifying a model's age and keeping "true copies" of the confirming documents on file.

The law is written, says Byrne, in such a way that many people do not realize they are doing anything illegal. First of all, he explains, the term "sexually explicit" encompasses not only oral and anal intercourse but also masturbation and virtually anything that might be defined as kinky - SM, water sports, fisting, bestiality, you name it. Secondly, someone may be a producer without knowing it.

"Producer in this case means any individual who actually films, videotapes

or photographs. If you're photographing or videotaping, you're a primary producer, whether you're doing it for money or not," explains Byrne.

According to Byrne, the law also has a classification for secondary producer, which means an individual or company that obtains an image from another source and manipulates it in some fashion - for example, making it part of a magazine spread, using it in advertising or promotional materials, including it in a compilation for which it

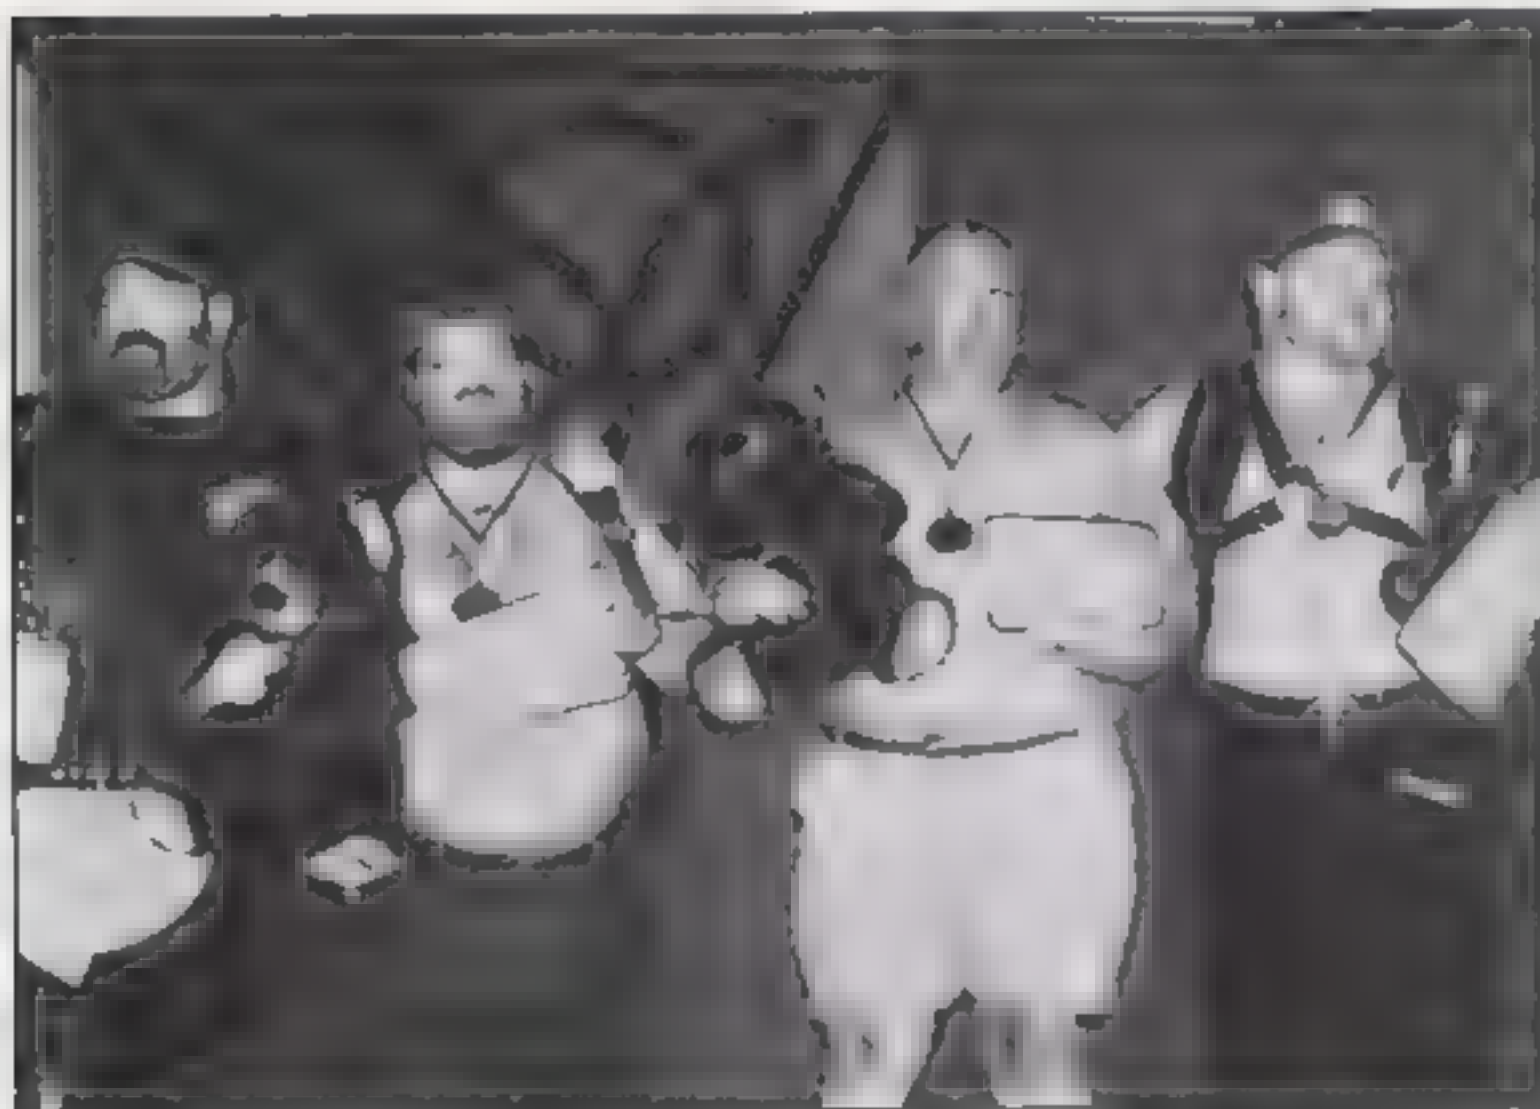

was not originally made or simply creating a retail display box.

According to Byrne, the law applies a stricter standard to primary producers than to secondary producers. Whereas it stipulates the secondary producer must intend to employ the images for commercial purposes, it makes no such stipulation for the primary producer. Consequently, those who shoot models for their own portfolio or personal enjoyment could find themselves covered by the law.

"Technically, if you're

QUEER ROCKER—In writing about Brian Grillo (above), lead singer and songwriter for the queercore band Extra Fancy, *Out* magazine characterized the punk rocker as "an angry young man who writes powerful, passionate hard-edged songs recounting tales of angst and alienation as a gay punk boy." *Billboard* magazine says Grillo "exudes a mesmerizing vocal growl that ranges from intense rage to painful vulnerability." Grillo's 4-man band hails from Los Angeles and is about to release its first album, "Sinnerman" which is being distributed by Atlantic Records. BEARS AND MORE BEARS—Almost 2000 bears came to San Francisco during mid-February to celebrate the International Bear Rendezvous sponsored by the Bears of San Francisco. duties after he told the Toronto Sun that he occasionally has worked as a male prostitute. Although prostitution is legal in Canada, Ryerson President Claude LaJeunesse termed the award-winning journalist's actions "abhorrent" and said he should not be allowed to influence young students. Hannon's contract

doing this privately . . . you have to keep records," said Byrne. Under ordinary circumstances, the law probably would leave amateurs alone, he noted, but as soon as someone attempts to distribute the images in any way, whether for profit or not, they could run into trouble. "Certainly, no secondary producer should touch those photos or videos if the primary producer does not keep records," he warned.

Even many professionally run publications may fail to recognize the law's potentially broad brush, for a magazine or newspaper does not necessarily have to publish a photo for it to be covered under the law, indicated Mark Stevens, spokesman for Desmodus, Inc., publisher of International Drummer and Drummer Tough Customer.

"We don't even want to have photographs or images in our possession

that don't meet the law's requirements. That's what they would use against us. It's not limited to what we print. If the government wanted to come in and make trouble for us, they definitely could," he said. "Maybe they would be in the wrong, but we couldn't afford a long, drawn-out legal battle to take the case to federal court. Something like that could wipe us out."

Thus comes one of the law's most insidious effects. "We have to be very cautious about what we print. It's a very fine line. The law is very ambiguous concerning what is sexually explicit. Someone can come in and interpret just about anything we do as sexually explicit. If someone is wearing a piece of leather and has a look of pain on his face, that can be interpreted as SM and potentially get us in trouble if we aren't careful," Stevens pointed out.

To be safe, Byrne counsels, anyone who shoots scenes that could be interpreted as sexually explicit should keep copies of the photo i.d. of every model involved.

Both Johnson and Stevens said they support the law's basic intent. "I think it's a good law. I have no objection to it. It forces everybody to do their homework up front," said Johnson.

As for Stevens, he affirms that, "Desmodus, Inc. in no way condones child pornography. Basically we support all efforts to prevent children from being exploited. It's just the uncertainty this law has created that concerns us."

University Reinstates Prostitute/Journalist T O R O N T O

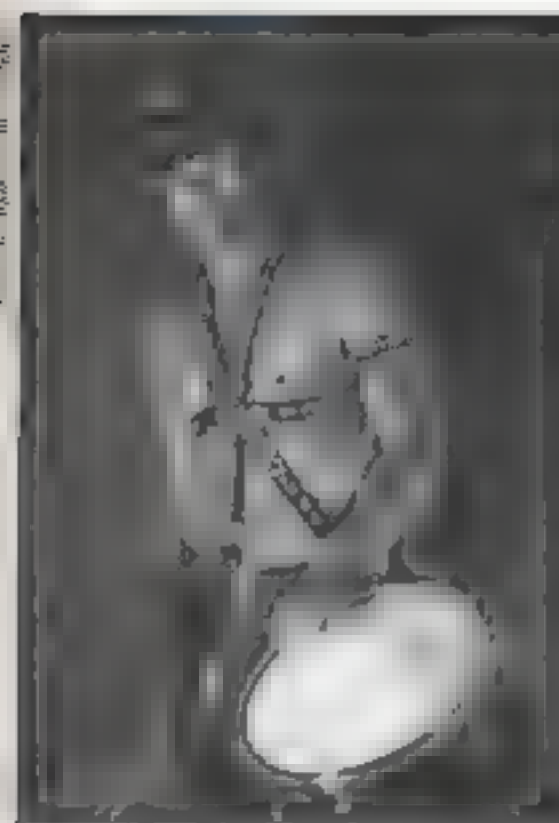

Ryerson Polytechnic University reinstated journalism instructor Gerald Hannon, who had been suspended from teaching

with the university expires in May and it is unlikely that it will be renewed.

LaJeunesse indicated he was equally upset over the journalist's outspoken views on sex between adults and minors. Hannon was once acquitted on charges of conveying indecent material after publishing an article describing his observation of an adult man having sex with a 12-year-old boy. At the time, he wrote that such encounters deserve "our praise, our admiration and our support." In a 1994 article that became a hot topic in the local gay press, Hannon argued even more forcefully for the value of man-boy sexual relationships.

Regarding the recent controversy, the 51-year-old Hannon told an Associated Press reporter, "I enjoy being a prostitute. I sell my brain for educational services, so I can't see why I can't sell my body for sexual ones." ■

Examining Canadian Censorship

Book Reviews by Jasper Jenks

"Restricted Entry: Censorship on Trial" by Janine Fuller and Stuart Blackley. Press Gang Publishers, 186 pp., \$16.95.
"Forbidden Passages: Writings Banned in Canada." Cleis Press, \$14.95.

Canadian customs has been seizing shipments containing books with the work of gay artists and writers for ten years now, under an extremely vague "pro-feminist" amendment. Funny, but they only seem to stop the ones en route to queer bookstores. That doesn't seem very feminist.

After years of dealing with bureaucratic bullshit and backbreaking financial losses, Little Sisters Book and Art Emporium in Vancouver took the Canadian government to court. And won. But only after five years and hundreds of thousands of dollars in legal fees. And the government is expected to appeal the decision.

Two new books give us the dirt on the case. "Restricted Entry" reads like a courtroom drama, with testimony from queer artists and theorists about the value of sexually explicit materials. If you are concerned about censorship this book is a must read. Our SM lives are placed in the center of any discussion of porn and free speech, and we can't afford to ignore them.

To take a look at some of the actual texts that Canada customs officers have seized, read "Forbidden Passages." Clearly the floor under some customs official's desk is sticky with cum, reading pieces like "Daddy's Little Girl" by Ann Wertheim, and books like "My Biggest O" by Jack Hart.

Some of the other banned authors are a little more mysterious. Bell hooks? Marguerite Duras? I guess people can jack off to anything. Or maybe they thought such feminist writers fall under Hate Literature, another category on the form customs officers have to fill out when detaining a book. Other

writers in the collection include Dennis Cooper, David Wojnarowicz, Jack Morin, and Joseph Beam. Apparently anything a gay man has to say is too dangerous to cross borders. Even though depictions of anal sex were removed from the list of dangerous materials, words or pictures containing ass-fucking are among the first to be seized. That is, unless the participants are heterosexual.

"In The Blood"

By Aaron Travis Badboy, 206 pp., \$5.95, paperback

Boy meets boy. Boy goes home with boy. Boy gets tied up, fucked, pissed on, forced to eat shit. The men in these stories are mostly in their early twenties, with hard bodies and impossibly huge dicks. Not surprising considering Aaron Travis was jail bait when he wrote them in the late seventies. There are hot older guys too, like the famous porn star with "the biggest cock in the world." He takes the boy narrator under his wing, calls him Pussy, shits in his mouth, and offers him a chance to be filmed off-camera.

Written from the bottom's perspective, these stories let us into the mind of the slutty boy next door. He isn't into pain, but will suffer any ordeal for the chance to service "The Cock." My personal favorite, "The Man Who Got What He Wanted" starts out in a steam room in utter darkness. Two men bump into each other and one winds up with two huge fingers up his ass and a huge cock down his throat. And if you're into vampires, you'll like the title piece, actually an unfinished novel. It's a feast of sex and death you won't forget.

"Writing Below the Belt:

Conversations with Erotic Authors" by Michael Rowe, Richard Aasak Books, \$19.95.

If you've ever wanted to hear some of your favorite porn writers talk about their childhood, how they got into writing, how AIDS has affected their lives, or what they think of anti-porn feminists, you will enjoy reading "Writing

Over 100 illustrations from an international array of artists are contained in the Tom of Finland Foundation's newly published book, "Emerging Erotic Artists - Volume L."

Below the Belt."

However, if you want to maintain your belief that all porn writers have experienced what they write about, don't read it. Some of these folks admit they aren't into SM. It can be traumatic to discover the writer who turned you on to branding never so much as burned his finger on the kitchen stove.

There are also the writers who are every bit as interesting as their books. Lars Eighner talks about being homeless on his pornographer's salary. John Preston talks about being a sexual outlaw on the fringe, in the mainstream, and everywhere in between. These authors don't disappoint, even if the interviewer's questions do.

"Reviving the Tribe:

Regenerating Gay Men's Sexuality and Culture in the Ongoing Epidemic" By Eric Rofes, The Haworth Press, New York, \$14.95.

In this book, Eric Rofes delves into the psychological aspects of living in the AIDS epidemic. Drawing parallels to other tragedies, such as the bombing of Hiroshima and the Holocaust, Rofes urges researchers and therapists to recognize the trauma gay men are experiencing, and to find better ways of restoring mental health. Rofes challenges AIDS educators to stop substituting slogans for information, arguing effectively for the right of individuals to decide what safer sex means for them.

Rofes also calls for support groups for HIV negative as well as HIV positive men, and for the community to embrace a broader political agenda while we continue to fight AIDS. While some may disagree with his conclusions, we need to keep talking about the issues he raises.

They called it Ecstasy. I call it Hell. Where can I go for help?

The Second Master

I chained my new property against a dungeon wall. I had lusted after this one for over a year, and now he was mine.

by *Evan Robertson*

In morbid silence, my buddy Bill and I sat drinking in the bar. I had been trying to lift his spirits with booze, but nothing seemed to work. You see, Bill was just another victim of corporate downsizing. After some twenty years with that fuckin' company, they had given him the pink slip. No golden handshake, no bonus, no fuckin' apology. It happened today at noon. Bill is forty years old. Among us, he was known as Master William, owning a small, isolated ranch, a fine dungeon, a car, of course, and a pretty boy-toy. Although he had some cash on hand, that was it regarding his property. He, too, now had to downsize.

"Alex," he turned to me, his face agonized, "I just don't know what in the hell to do. No job, being forty years old, little cash, and facing poverty! I can't sell my ranch. Couldn't bear it. The car, maybe could go."

So, to console him, I made a bold suggestion. "Look, Bill, I know that you're fond of Jimmy, but keeping him along with everything else costs money. Intend to sell the boy, along with the car? When you're back on your feet again, you can get another boy. Anyhow, you've had Jimmy for a year. Maybe it is time for a change."

Conn. S.A. Ft. Laud. F.

Bill hung his head in misery. "Sell him? You nuts? I just got him trained. Well, almost. He's still resisting. Anyhow, who would buy used merchandise? Fuck, I wouldn't even know how much to ask for him!"

Having met Jimmy several times, I had noted his blond good looks, his exciting muscles, his apparent obedience, and his great body. Bill had patiently shaved him once a week; however the boy seemed to sprout golden hair on his chest, in his pits, and around his genitals, despite the shaving. His hormones worked overtime. God, how I had envied Bill! Jimmy's beautiful pecs, his juicy large nipples nicely enlarged with Bill's dairy sucking, and the thick, veined cock and lovely testicle sack only added to his allure.

Draining my glass and ordering two more for us, I suggested casually, "Bill, have you ever thought of renting Jimmy out? Selling him? He's still in great condition, y'know. Could bring a healthy price, even if renting wasn't all that terrific an income."

Seriously now, I asked, "Well, I could take him off your hands. That would cut your expenses somewhat, give you some breathing space. And you could trust me to keep up your good work with him. I'm not known as a sadistic Master for nothin'. I'd be willing to put up two thousand to own him. How does that sound?" I waited.

I could see that Bill was torn between losing the boy and getting the cash. I had assured my buddy that he could have unlimited visitation privileges, could use Jimmy on such occasions, and if necessary, I'd be happy to loan Bill money. So, how could he lose? Having the advantage now, I pressed him to sell, upping my offer to five thousand dollars.

Faintly, Bill smiled with some relief. "If I let you have him, Alex, you wouldn't kill him with your kindness, would you? We all know how rough you can be, and I'd hate to find Jimmy ending up in a hospital. But man, I could sure use the bucks! Okay, it's a deal. Tonight convenient for the transfer? I think I can face it."

"Better sooner than later, Bill. Tonight

is fine. Get him all packed and notified. Don't tell him that this is a sale, just a temporary loan-out until you get back on your feet, okay?"

Secretly elated with my barting, I tried not to gloat. Bill glanced at my heavily muscled, tattooed biceps, my sinister good looks, my leather gear which couldn't disguise my hairy body, and pleaded "Alex, we're old friends. You promise you won't hurt him? I mean, not damage him too much? I might want to buy him back sometime."

"Don't worry, Bill old buddy. I'll take good care of the boy. Real good care. Trust me."

Once I signed a receipt and made a copy, I drove the boy back to my house in the hills and chained my property against a dungeon wall in my basement. Making sure the room was sufficiently warm, I stripped Jimmy, examining his body. Because Bill had given orders that the boy behave, complying with my demands, the boy put up no resistance as my fingers fondled his body. As far as he knew, he was simply out on loan to Master's friend, and soon would be home. A grand illusion. I had lusted for my hands on this one for over a year, and now he was mine! He wasn't going anywhere. I'd use him up first.

"Well, Jimmy boy, think you'll like it here with me?"

Obediently, he said "yes, Sir. When, Sir, will my Master want me back?"

Reassuringly, I replied "Some day boy, some day. Meanwhile, you belong to me. You know the rules. No touching yourself, no cum, hard work, and lots of workouts here. Also, dairy whipping Jimmy boy, it's been a long day. I'm hitting the sack. See you tomorrow."

Entering the dungeon the next morning, carrying my trusty duffel bag loaded with necessities for an outing, I removed Jimmy's restraints. I ordered him upstairs to the bathroom to clean up.

The shower livened him up after a sleepless night standing up against a padded wall. I got him dressed in his T-shirt, jeans, and dog collar. He remained barefoot. Attaching a leash to the collar, I announced, "Jimmy, I understand that

you haven't been out for a while in some time, so we're gonna take a stroll to give you some fresh air. My place is high in the hills, completely surrounded by woods, with no neighbors within seventy miles. I thought it was important to be a bit isolated in my line of training. Here, I have to cuff you, puppy."

Applying the cuffs to his wrists behind him and grasping the leash, I led him outside. Nice day. I conducted him through the woods until I found two maples growing near each other. Yanking on his leash, I forced him to stop while I busied myself roping his free wrists and ankles to the two trees. Then I savagely ripped off his T-shirt and lowered his jeans to his ankles. Next, taking out a bandanna cloth, I wound it over and into his mouth, tying it behind his head. His handsome, near naked body hung before me. I moved around to face him.

Running my hands over his torso, I fastened my lips on his, giving him my tongue to suck. Although I hadn't allowed him to shave this morning, I didn't mind. And yes, Bill had been so worried that he hadn't shaved the boy's muscular body. Feathered golden hair flicked in his armpits, over his pecs, trailing down to a virtual forest surrounding his genitals. His cock was limp.

My hand, stroking his meat, excited it. I felt a hardening. "Get it hard for me, boy. And keep it hard. If you cum, you'll regret it. Hey, your balls are a handful!" I reached into my duffel bag, extracting my ball stretcher and the accompanying metal weights.

Kneeling, I felt his testicles above the globes, searching for the thinnest tissue of flesh, and around that area I tied twine. I tied it fucking tight, watching his thighs back away, his face grimace. Next, I listened to his moans as I attached four heavy weights to the twine, dragging his balls down. I warned him not to struggle too much, otherwise his balls would swing and he'd enjoy hideous sensations. However, with each excruciating blow I administered, I knew he'd swing anyway.

That accomplished, I rose, twisting his nipples and sucking on them until they were engorged. His pecs arched for

more. When I could really get a handle on his cones, I applied the metal tit clamps firmly. I checked the linking chain to make sure the clamps held.

Around each clamp I wrapped long twine which dangled down, and to both I attached heavy weights. His suffering nipples began to droop. Stepping back, I surveyed my work. "Are you ready, boy?"

His face registered some pain, but he seemed ready for my whipping. Apart from my large dungeon, this outdoors scene gave my arm plenty of room. I reached for a heavy, thonged whip and stepped behind the lad. He had a gorgeous, rippled back, nice bubble butt, and thick, hairy thighs. Beneath his spread ass dangled his testicles. His cock jutted out.

First, I tested the whip, making it siz-

ing through the air on a practice run, snapping it smartly, even lashing the white bark off the maples. His butt quivered with each sound.

Facing him again, I let the vicious whip caress his rigid cock, now swollen in fearful anticipation. "Please, Sir," he pleaded, "let me cum today! It's been a whole week and I'm bursting, Sir."

"A whole week, lad? It's been two

hours for me. You must not get greedy. Perhaps, depending on your behavior today, I'll allow you to get off next Friday. Now, let's take care of more important matters." I returned to my position behind him.

With force, I brought the whip smashing over his back, leaving the first red mark. He gave a satisfying muffled scream. Following the first attack, I grew inventive, lashing his upper back, now streaming with sweat, from every possible angle. His body jumped with each blow as gradually I criss-crossed the flesh with bloody stripes. After thirty slashes, he seemed to wilt, hanging from his restraints. I selected a smaller whip, pushing his body forward, and went for the buttocks, still creamy white.

Since I was using a smaller whip, much depended upon the strength and dexterity of my arm. His spread butt was my objective. I lashed his crack and gave upward strokes under his spread legs, creaming his balls in the process. His screams grew louder. Fortunately, the woods muffled the sound. Before the onslaught on his butt, I took care to whip his upper legs, turning them pink. His body writhed and bucked. Then it was my pleasure to mark his blooming buttocks, savagely striping them with ugly red welts.

"Oh, Sir," he screamed, "please, please . . . I hurt, Sir! . . . No more, Sir! . . . I'll be a good boy for you, Sir! . . . Please!"

Quietly, "I know you will be, boy. Come on, now, be a man. Only twenty more and we're finished for today."

Somehow, throughout this heavy battering, he remained conscious, however his hanging body was growing limp, accepting the lashing. He survived the twenty, so I cut him down. His cock was certainly no longer erect. I began soothing his flesh with cool cream, especially greasing up his asshole and buttocks. Watching him wince at my touch, I had developed a rockhard with my 2 x 4 meat. Bending him over a log, I mounted his ass. It was easy sinking in to the hilt, feeling his smoking cheeks clinging to me, adding to the heat of my weapon. Fully energized, my body vibrated with

each plunge into him.

"Feel good, boy? Want it deeper? Tell me you love your Master."

Fucking him exquisitely, I listened to him reply a sort of grunt, "Yes, Sir, it feels good. Deep as you want, Sir. I love you Master."

I made his ass grip my cock, riding it. Slapping his cheeks to encourage him, I noticed blood on my hands. Shit, I must have come down on him too hard. Gotta watch that in the future. Didn't know my own strength. Then, I felt a surging down below, my balls filling up. Violent lunge after lunge made my balls slap against his ass. With a cry, I found myself cumming.

"This is it, boy . . . Take my load! . . . Now! . . . Gonna give you something to remember! . . . Ummm . . . that's it . . . hang onto me . . . Suck it up . . . Take it! . . . Take it! . . . Ahhhh . . . Shit! . . . Hang on . . . There's more where that came from . . . Ahhh, shit! . . . Jesus, God!"

Shooting bolt after convulsive bolt of cum into his asshole, my hips buckled with each spasm. Jesus, my body shuddered with each eruption as I poured it into his ass! We fulfilled each other

Finally drained, I lifted him to his feet and ushered him back to the house.

I sat in my bedroom watching my new boy-toy wash up, clean his curly blond hair, dump and douche himself properly, and refrain from a natural desire to soap and fondle his genitals. Ordered to wrap a towel around his loins, he followed me into the kitchen and was placed in a chair at the table. I, who couldn't cook anything, wandered around the place warming up some soup, my only accomplishment in cooking. Sprinkling crackers over the soup, I placed the bowl before him. Then I sat down, naked, across from him. Stroking myself into an erection beneath the glass table, I focused on his lips and tongue.

Finishing his soup, I made him wash up the plate and then return to his seat. He was beautiful . . . those sloping, muscled shoulders, his bulging pecs, his juicy nipples, his washboard abs, and that gold, feathery hair on his chest. My mouth moistened. No toy I'd ever owned had ever turned me on like this kid. I ordered him down under the glass table where I could observe him. On all fours, then, he only displayed a few lingering marks from my whip. He glanced up for directions. I beckoned him toward my erection.

Crawling over, he braced his body for action, licking my balls. I dropped my full, churning sack into his mouth, letting him suck and pull to his heart's content. My cock sprang upright against my belly. He swallowed me.

I decided to piss on him. I shot gallons of piss down his open mouth. It streamed from his lips. Fuck the mess; he could clean the floor later. The main point was that his Master had relieved himself. But I kept his mouth on my cock.

Urging him on, I readied him and myself for a second unloading of cum. My cock swelled. For half an hour my cock fucked his mouth. "Now, boy . . . Take it! . . . Here's your dessert . . . Swallow me, kid . . . Suck it down! . . . That's it! . . . Get a bellyfull! . . . Ahhhh." I came, spurting a torrent of hot cum into him. Finished, I wiped myself off, ordered him into my bedroom and fol-

lowed his muscular young body.

Directing him to stand at attention, I flopped down on the bed, and lying on my back, I hoisted myself up against the headboard so I could watch the action. Spreading my hairy legs wide, I stroked my cock into an impressive erection. Then I ordered him to get between my legs and go down on me. I wanted my cock nice and slippery. Obediently, he went to work, nibbling, caressing, kissing and sucking. Raising my hips, I thrust into him, holding his head on my meat. I never allowed him to use his hands on me.

Satisfied, I got up and turned him over on all fours, his head buried in the pillow, his raised ass in my face. Smoothing over his ass meat, I admired his beautiful buttocks. Milky again, rounded firmly, concave hollows, and pretty dimples above each me on, his ass was inviting.

Dangling between his spread legs was his length of testicles stemming from his healthy scrotum, while his cock could not be seen from my vantage point. Obviously, an erection had made it rise. I spread his cheeks wider, relishing the sight of his dark, furred asshole which now belonged to me. Running my fingers up and down it got me extremely hard, and when my fingers penetrated the cave, right up to my knuckles, his pink, sensitive sphincter opened. Fuck, I almost lost my gold ring in his rectum. Next, while finger fucking him, I used my free hand to slap his cheeks. He looked good in red.

With each loud slap, my fingers sank deeper in him. His ass twitched, moving from side to side. Removing my fingers, I bent down to tantalize his hole with my tongue. My probing tongue causes his defensive sphincter to wink for more drawing out a moan from him.

"Like my tongue in you, boy? Feel good?"

He moaned. "Oh, yes, Sir. Feels real good, Sir."

His mucky ass aroma was intoxicating. I loved tasting him. Shit, I wish that my tongue was as long as my dick so I could really get in there! The trail of fur

flowing into his crevice and supposedly protecting his hole from invasion was now wet and matted with saliva. My balls were churning, waiting. Pulling him toward me down the bed, I draped his legs over the edge so that his feet barely touched the carpet. Then, I pointed my cockhead toward my objective.

"Ready to be fucked, boy? Ready for my meat? Think you can take it up your ass?"

Faintly I heard "Yes, Sir. Thank you, Sir."

My 2 x 4 iron rod, now slippery from his sucking, began sinking into his rectum, breaching the barrier and violating his defenses. The fortress would be conquered, but I had to loosen the tightly closed gates. It was like those Medieval attacks where the enemy smashed through the gates by using a heavy log which kept swinging, pounding through the victory. Once into him completely, I sank down through the labyrinth, feeling his damp hair caressing my cock. His ass began to respond, riding my erection, evidently pleased.

A seasoned Master has endless fucking techniques for mutual sensations, and I had had endless practice. After wallowing in him, allowing his ass to adjust, I commenced experimenting. By watching his buttocks shake or twitch, I knew instantly which technique was effective. In my boy's case, he got excited over swift, driving, piston assaults, his ass rising to meet the onslaught. Well, fine!

I pounded him, accordingly, jackhammering down, delivering savage thrusts, fucking until his ass quivered with each thrust. Eventually, I lay down on his back, flattening him to the mattress, and driving my meat relentlessly into him. His body writhing under me while I held him down in a muscular embrace, kissing his ears and neck. With this kind of intense fucking, a guy has to really concentrate on technique in withholding his burst of cum. I was an expert.

I managed to keep both cock and cum inside for over two sensational hours before I relented, feeling my cum flowing through my conduit.

Huskily I announced "Ready for it,

boy? Ready for my torrent? Take all of it, boy! Oh, God!"

Ripping him apart, abruptly I flooded his rectum in violent spasms, my hips bucking against his melons. We were glued together. "Oh, Jesus! . . . Ummm . . . Yeah! . . . Take it, boy! . . . Suck it up your asshole! . . . Ahhh . . . Ahhh! . . . Yeah! . . . That's it . . . All of that liquid fire! . . . Oh, baby!"

Pulling out of him, I wiped off my dripping cock, and then his steaming asshole before I joined him on the bed, folding him in my arms and kissing his mouth.

After some four months of daily sex and beatings, I figured that I had sufficiently trained him to satisfy my needs. Never slackening, I took care of my obligations as his Master. He was trained to sit up and beg for both. In fact, I grew quite proud of my success. So one afternoon, cradling his blistered, marked, criss-crossed, striped body in my muscular big arms and sticking my tongue down his eager throat, I informed him that because tomorrow was his 22nd birthday, we would celebrate by taking a break from the routine. Obviously, he had forgotten.

"Who do you love and need, boy?"

"You, Sir. Thank you, Sir."

"Good. Tomorrow, we're going to a zoo in town to see the other small animals. I like zoos. Animals all penned up, waiting to be fed, thirty and hungry. And I'll buy you a real, long hot-dog. Maybe a coke to wash it down with. How does that sound?"

He chewed his lips hopefully. "Sounds wonderful, Sir! Tomorrow? You're so good to me, Sir. Imagine, your thinking about my birthday!"

"Sorta like tennis, lad. Your second serve with a new Master. I play a hard game, and I slam a mean racket. Each of my serves lands the ball directly in your waiting court. And I always win. Tonight, I'm gonna beat you again at the game. Like that?"

He feverishly kissed my mouth. "Oh, yes, Sir. Do the animals live in small cages, too?" ■

SLAVE WARRIOR

By John Fairfax
Illustrations by Zanne

I was kicked awake the sharp jab of pain in the side bringing me round instantly. I opened my eyes and looked up at my tormentor, the fat slave merchant Antigonos, standing over me, a fawning smile on his face.

"Is he clean?" someone asked flatly. I turned to the voice, a slim young man with tight golden curls and dark brown eyes, standing outside the cage and looking at me as if I were some beast and not a man.

"Of course, young sir, all my slaves are clean," Antigonos assured him. "And this one is strong, look at the thickness of the arms, and those thighs like tree trunks. He is a good worker, a wise investment, young sir."

"Where does he hail from?" the young man asked, his cultured Athenian accent marking him as a citizen of the great city to which I had just been brought.

"A barbarian, from the East. Look at the hands young sir, he would be good as a potter, or around the house," Antigonos continued, fishing for some hint to tell him what the man was looking for in a slave.

"How much?" the man asked, fixing me with his eyes. I returned his look defiantly, preferring to risk another lashing rather than be sold like an animal. Antigonos had been asking a high price for me, but I was too surly, my defiance scaring off all the potential buyers so far. I risked being sold to the silver mine of Lavrion but it was a risk I dared to take.

"I am a foolish old man, I know," Antigonos laughed. "One hundred silver pieces, that is all, for a specimen of this quality."

"Too much," the young man said, turning away indifferently. I smiled, relieved once more from a life of abject misery. I was a warrior, a fighter who deserved death on the battle field and not the ignominy of domestic slavery. If I had not been knocked unconscious I would have fulfilled my sacred duty and died fighting like a man, with a sword in the belly and the fire in my veins.

"But this is a bargain," Antigonos insisted, giving me another kick in the side. I glared at him, but my hands were tied and I could make no response.

"I'm not interested in bargains, sell him to an old maid who'll set him to knitting blankets," the young man said scornfully, his lips curling with disgust. I shot him a cold look, narrowing my eyes, unwilling to hear such talk. "I'm looking for a real man, not some half-witted barbarian with no fire in his belly."

Antigonos raised the whip and dealt me a solid blow down my back, striking a red stripe across my dark skin. I looked up and smiled, knowing full well that retaliation was what he desired. My apparent servility made Antigonos boil with anger, the flabby cheeks of his face blazing red.

"Do you speak?" the young man asked, addressing me directly for the first time. I turned, surprised to see him still there, I thought he had lost interest.

Antigonos answered for me. "He is a barbarian, he babbles in his own tongue. But he understands commands. He'll do as you wish young sir."

"Strike him again," the young man instructed, his eyes sparkling with amusement. Antigonos obliged, cut me once more with the whip across the back. I did nothing but grit my teeth and bare the white hot searing pain. I checked the anger in my veins, unwilling to give either of my tormentors the pleasure of provoking me.

"Seventy five silver pieces, no more," the man offered.

Antigonos paused. Hagglng was in his blood and he hated to let any slave go without disputing the price for half an hour. "Agreed," he said, quite unexpectedly.

"So he has been less than obedient?" the man smiled.

"No, that is not so," Antigonos lied unconvincingly.

"You would never let him go for that price if he was as good as you suggest," the man pointed out. "You

must be glad to be rid of him. How many of your slave keepers has he bested?"

"None, none," Antigonos responded. "I assure you that he is a good slave, the very best."

"Have him cleaned and sent to my villa," the young man laughed, throwing a bag of coins contemptuously into the cage. Antigonos fell to his knees, scrambling in the thick straw for his bag of coins. "I am Leonidas, son of Iphikratus, I'll expect him delivered this evening."

As my new master turned to leave I let loose a solid kick, hitting Antigonos in his fat rear and knocking him flying into the stench and filth on the floor of my cage. Leonidas threw his head back and roared with laughter, while Antigonos frothed at the mouth, cursing me in a dozen tongues, including my own.

I received a beating for kicking fat Antigonos. I was stripped naked and a dozen rough hands held me down while I was bathed in ice cold water and then my skin anointed with perfumed oils. I fought in vain, struggling and kicking but the indignity of being perfumed like a whore could not be escaped. At last I was thrown a coarse brown chiton to cover my nakedness and my wrists were bound once more.

"Well barbarian," Antigonos told me, "I'll be glad to be rid of you. I have dealt with a dozen men from your village and none have been as stubborn as you. I hope to all the Gods of Olympus that I never set eyes on you again."

I suppressed a smile. Let them believe I was an ignorant barbarian, too stupid to speak Greek like a man, it suited my purposes. I had my plans too, my new master was little more than a boy, twenty one, twenty two, and no warrior by the look of him. It would be easy to slit his throat one night and to slip away from Athens and out into the countryside.

It was late afternoon and the sun was high in the sky. My hands were

tethered to a donkey, ridden by a young boy, and I was led out into the great city, the so-called wonder of the world, the cradle of civilization as the Greeks liked to pretend. I spat on the ground aggressively, daring any man, slave or citizen, to make a remark.

The boy rode the donkey, steering me through the teeming streets filled with more people than I had ever seen before. Men and women, young and old, a dozen races, all of them intent on raising their voices above the babble. I watched carefully, noting that the slaves seemed to outnumber the citizens, that most of the men were old and fat, padding along in fine chitons of white cotton, with expensive red cloaks over the shoulder. I walked barefoot but with my head held high, certain that I would never yield to any man.

Antigonos had spoken of other men from my village. Could this possibly be true? I myself had lost a cousin I loved like a brother to a slaving party a year earlier. But when our village had been attacked all the men had risen as one, brothers in arms, and fought like jackals against the Greeks. In the long journey to Greece I had seen none of my kinsmen, and I was told by a Greek that all had been slaughtered, the women and children sold to the Persians while I was destined for Athens.

The villa was on the outskirts of the city, close to the countryside that would provide me with food and shelter during my escape. Leonidas was obviously rich, his fine house was golden, catching the sun on its snow white walls. To one side there was a stable, with fine white horses in the paddock, tended by silent slaves. The boy jumped down from the donkey and called to the slaves.

Leonidas appeared, dressed in a snow white tunic down to his knees, and strong leather sandals strapped tightly against his ankles. He looked me up and down, walking round slowly, admiring his purchase, as he would admire a newly purchased thoroughbred. Our eyes locked again, and

I held his gaze, unwilling to turn away from the man who claimed me as his slave.

"I like defiance," he nodded, seemingly satisfied. "Cyrus," he called to another slave, "have him taken into the house. I want him prepared for the feast."

Two slaves, strong men of dark complexions, Persians by the look of them, grabbed me and pulled me into the house. If not willingly, I went without too much trouble, curious to see how a Greek lived. The interior of the house was cool, and the light flooded in, so that you felt that you were both inside and outside at the same time. It was not an unpleasant sensation, so very different from the confined darkness of our own homes. I was taken to one great room, with a sparkling fountain gushing water at one end, and cushions and other furnishings at the other.

My wrists were raised high and I was tethered to a hook on the wall. It was high so that I could barely stand with my feet on the ground, my arms were stretched tight and my face pushed flat against the coolness of the wall.

"Is he clean?" Leonidas asked, coming up behind me.

"He smells clean," one of the slaves replied, his Greek barely understandable.

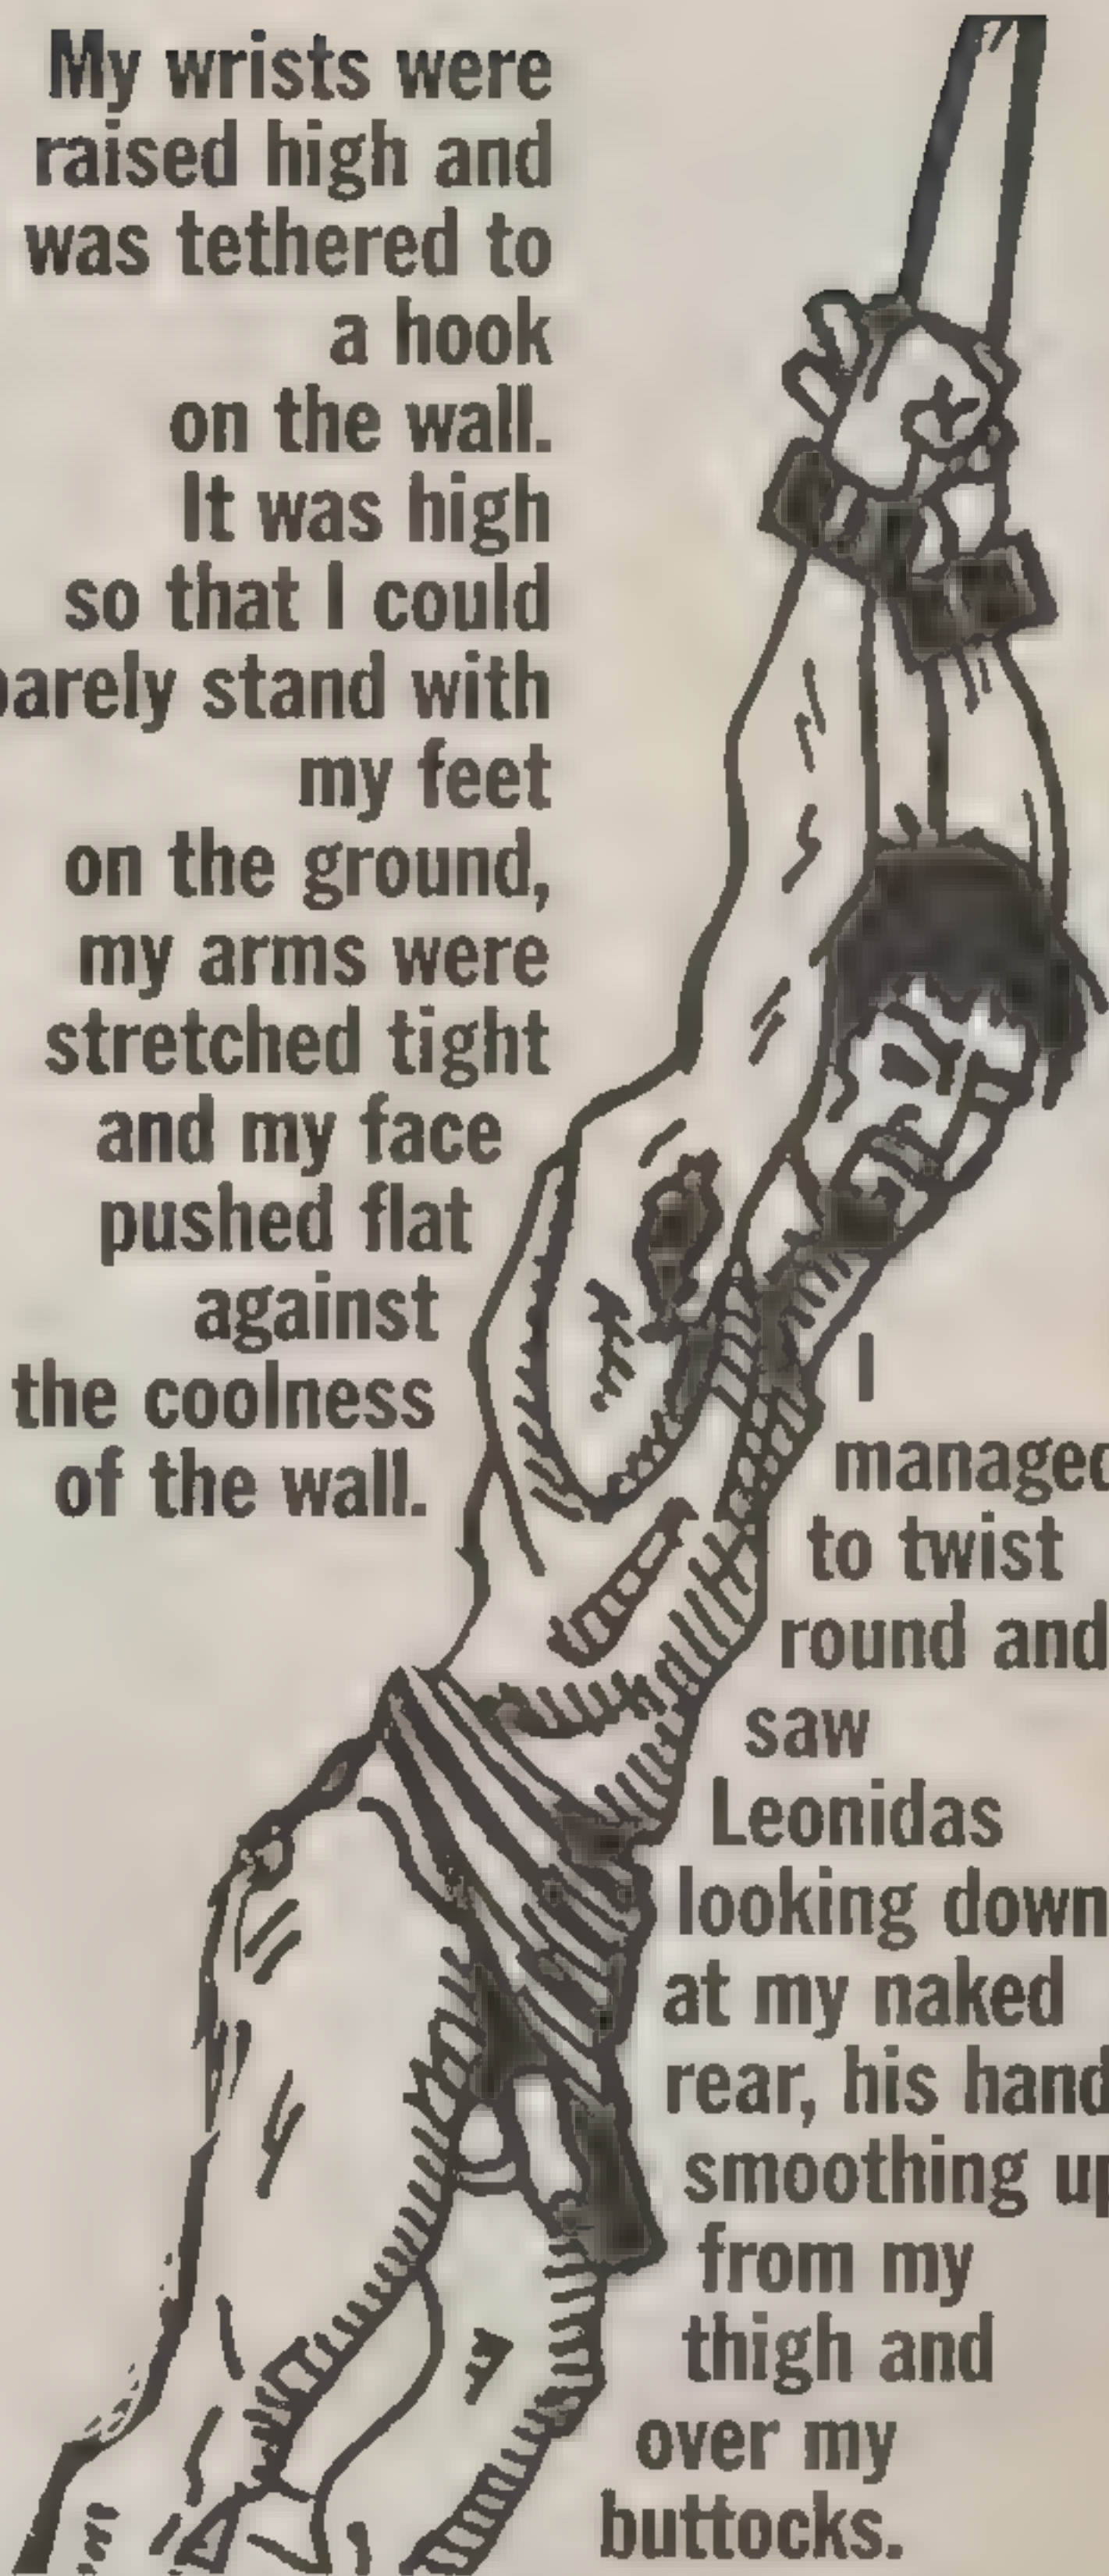

"Show me," Leonidas ordered.

I struggled hard, pulled tightly against the chains that bound me to the wall, but could do nothing to stop the slave lifting my cloth to display my naked backside. I cursed soundly, spitting out my words in my own tongue, threatening revenge. Leonidas laughed approvingly. I suddenly stilled, frozen, as I felt a hand caress me. I managed to twist round and saw Leonidas looking down at my naked rear, his hand smoothing up from my thigh and over my buttocks. The slaves had retreated and I realized we were alone. I pulled hard against the iron hook but could not dislodge it from its place on the wall.

"So you are a man after all,"

My wrists were raised high and I was tethered to a hook on the wall. It was high so that I could barely stand with my feet on the ground, my arms were stretched tight and my face pushed flat against the coolness of the wall.

I managed to twist round and saw Leonidas looking down at my naked rear, his hand smoothing up from my thigh and over my buttocks.

Leonidas whispered, his hand now probing between my thighs. His breath was hot on my skin, as insufferable a caress as the feel of his fingers tracing the line between my buttocks. I cursed him again, turned and spat at him, but he laughed. His finger was resting gently against my hole, a threatening gesture that had me silent and hardly daring to breathe.

"I do believe you've never been civilized," he laughed again. "Well, that will not do, my young barbarian. It is my sacred duty to show you the way."

I heard him walk away, his sandals slapping hard against the marble floor. I breathed a sigh of relief, realizing that my body was bathed by a layer of sweat. But my relief was short lived. I heard voices, Leonidas once more with his Persian slave. I tensed, ready to turn and aim a kick at the man that would be my master.

"We have to prepare you," Leonidas explained, smiling as if the whole thing were greatly amusing. "Tonight there is a great feast to celebrate our victory in war. And I think it only right that we taste victory in the flesh."

My ankles were suddenly pulled from under me, I fell, my body pulling painfully taut against the constraint that held me in place. In seconds my ankles were bound, the Persian moving with speed and dexterity to bind my feet together. I was left hanging limply for a moment, the Persian smiling cruelly when I looked at him accusingly.

I was helpless, unable to support myself, and I feared all that was to follow. I, a great warrior, afraid of what I would suffer at the hand of my new master. My buttocks were parted, I guessed that the Persian was spreading me open.

"So very tight," Leonidas whispered.

"Please, let me go," I whispered quietly.

"Well my barbarian, you do surprise me," Leonidas smiled. "Where did you learn to speak?"

"Many in my village have fought as mercenaries with the Athenians against the Persians, they learned your language and taught us all when they returned."

"Very commendable, you see how we civilize the world?" Leonidas laughed cruelly. I tensed suddenly, bit my tongue. I felt something wet and oily being smeared against my tight rear hole. "Olive oil," Leonidas commented. "You may go now," he added, dismissing the Persian.

"Please...master," I begged, swallowing my pride and pleading with him for the first time.

"Good, you obviously want it now, else you wouldn't beg me for it," Leonidas whispered, caressing my backside with the flat of his hand.

I felt him undressing behind me, heard the soft flutter of cloth falling to the floor. He took me by the waist and pulled me up. The feel of his hardness against my skin made my heart beat wildly in my chest. I tried to struggle to push him away but it seemed only to inflame his passions. I relaxed for a second, out of breath, and then he was pressing himself into me.

I cried out, with pain and anger and despair. His strong hard penis was inside me, opening me, filling me. I ached, but realized that my anger and aggression were an aphrodisiac. He held me by the waist and moved our bodies together, sliding his hardness in and out with increasing vigor. The feelings inside me were in turmoil, each time he thrust into me a sharp spasm of pleasure shook me. I didn't want it, I tried to fight the pleasure rising from within my hole but couldn't. Leonidas made love to me violently, roughly, forcing himself on me until I felt his passions spurting out into my rear passage.

He released me and I fell against the wall, lifeless, his semen slipping down from my anus and thighs. He looked at me for a moment, smiled and then turned and left.

That night was agony, a thousand times I wished I was dead. It would

have been better to have been left for dead, to die like a hero than to live this humiliation and degradation. Throughout the night they were brought to me in turn, one man at a time, to do with me as he wished. In all I was taken by a dozen men, each of them using me, fucking me like a whore then casting me aside. Their laughter and ribald enjoyment adding further to the humiliation.

At the end of the evening Leonidas took me once more, my hole was wet with semen and he sunk into me easily. He was strong and seemed to make love for an age until he exploded inside me once more.

"Well, well, barbarian," he taunted me, "it seems that you have enjoyed our hospitality too."

I looked down and, to my ultimate horror, saw that I had spent too, my hardness had jetted out thick white cream against the wall, my glans still oozing thick droplets of it. Leonidas laughed, I was cut down and I lay in my own mess, no longer the brave warrior I had once been.

Leonidas studied me for a moment, then called to a slave. "Take him to the stable, put him in with the other one."

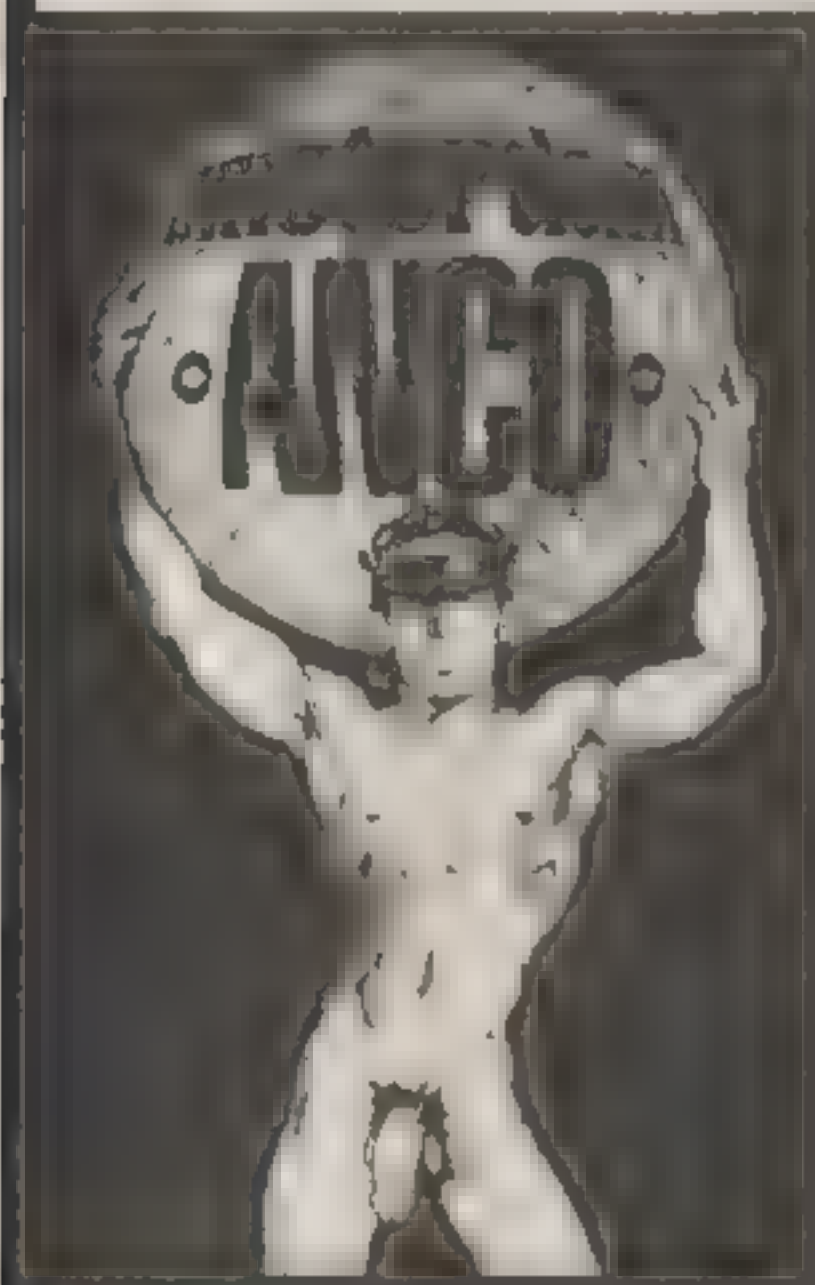

I was weak, my body had been strung up and abused for hours, I could hardly walk, hardly stand. Two slaves carried me out of the house, speaking some strange tongue I did not recognize. My mind was reeling, unable to accept that I had enjoyed the orgy of being endlessly fucked. The night air was cool, and I gasped for breath, wanting to clear my mind of the horror. I swore revenge, looking to the Gods in the sky, and wondering why they had deserted me.

I was dragged into the stable and thrown into a corner. I opened my eyes but could scarcely make out anything in the darkness. Something moved, hiding in the shadows. I was free now, and the anger had returned to me. I sat up, saw something in the shadows, a bare leg, a body curled up in the corner.

"Who is that?" a sleepy voice

whispered.

I lunged forward in the darkness, searching for the source of the Greek voice. I caught him, pulled him to the floor, covered his mouth with my hand and forced myself onto him.

"So, that is what Greeks call civilizing," I hissed, anxious lest I be disturbed. "Well let me show that we barbarians are as good as any Greek."

He struggled, trying to push me off, to free his mouth to scream like a woman. The feel of his naked body under mine aroused me, I slapped him hard several times then forced his legs apart. He was dry so I spat on my free hand and rubbed it into his tight hole. I was hard, wet still with my own seed. I rose up and plunged my hardness into him, my balls slapping against his behind. All my anger, all my humiliation was turned into a vengeful force that had me fucking him long and hard. He was tight and I thrilled to feel myself entering him again and again. I felt him rising up with me, opening himself, enjoying it guiltily just as I had. I released my seed into his behind and then rolled away, sated, exhausted, empty.

An hour past before he dared to speak. I lay on my back looking at the stars that I could see through a gap in the roof. "Who is that?" he whispered, his voice straining hard to stay even.

"Mnesimachus, the barbarian," I murmured to him in Greek.

And then I heard a gasp, a cry of pain, a fearful sobbing. "Brother who are you?" he sobbed, speaking my native language.

"Who is it that cries to me in my own tongue?" I asked, not daring to believe my ears.

He emerged from the shadows, covering his face with his hands. I fell back, unable to believe my eyes and ears, unable to believe that the Greek could be so cruel. In stunned silence I stared at my oldest friend, the friend who I loved like a brother and whom I had so cruelly defiled. ■

Will You Do Anything I Ask?

Acts of dominance and submission can be fueled by the power of mutual, perverse and all-consuming sexual desire.

BY WICKIE STAMPS

I once bought a human being for five cents. Actually it was \$5.00 but, as I am a starving artist, we worked out a five cent per month payment plan. For this mere pittance I owned a human being. He was, he swore, mine for all eternity.

In all earnestness - I have actually

ally terminated the exchange. The only fee was my willingness to possess every aspect of that person's being and to sound the depths of their desire.

The roles-master, slave, top, bottom, submissive, dominant, sadist, masochist-were sensual boxes which were opened, explored, sliced apart and eventually disintegrated with our respective needs.

The bodies varied - as did the names. Small and wiry, full and wide, flesh draped on long bones or short, each body a shape shifter, a container for the deal which was struck. Names, faces, identity became a blur over time.

But memories of sex which leaves you drained and stunned never fade. "Kneel before me and drink my piss," I would say. "What will you endure for

the eyes for a response. "Will you unleash the depths of my pleasure? Will you become nothing more than the appeasement of my desires?"

Yes, those bodies would respond. Yes!

And I would push harder, farther. I'd slam them down onto a table, kick apart their legs, rip down their pants, grab my rock-hard cock and force it deep into their asses. No spoken permission here. I took what I wanted. My cock and my fist violated the boundaries of the flesh.

The cycle continues. New eyes and smiles cue that their souls might be for sale. "Will you do anything I ask?" reads my application usually filled out on the first night by the applicant who, wearing whatever is my whim,

owned human souls. Completely. Utterly. Mutual sexual desire prompted those couplings. And it was sexual wantin-theirs for me and mine for them-that was always the point of demarcation. Mutual, perverse and all-consuming sex sealed the contract. And it was sex, or the lack of, or incompatibility therein, which eventu-

me?" I'd whisper as my whips and canes fell across bare backs. The answer lay in the scars I'd carve into naked flesh. "How far will you go with me?" I'd muse as I leaned over and meditated on the rivulets of blood. "Will you do as I say?" my eyes would ask as I held the knife to those sweet throats. In the darkness I would search

kneels before me. Eyes downcast, arms pulled back, chest stuck out, resting back on the haunches, the face is mere inches from my cock. A cock hardened by the sweetness of total submission.
